

# Consultation on Grey Indicators Proposed by IAEG-SDGs

## 1. Introductory Text: Consultation on Grey Indicators

As agreed by the IAEG-SDG Members, an open consultation on the proposed SDG Indicators coded 'grey' is taking place from **9 am EST, Wednesday, 9 December to 9 pm EST, Tuesday, 15 December**.

The consultation is open to observers (non-IAEG Member States and representatives of regional commissions and regional and international agencies) and other stakeholders (civil society, academia and private sector). The consultation focuses on indicators that are coded 'grey', indicating that additional work and discussion are needed before reaching a final agreement on them.

For some indicators, discussion prompts are provided based on comments by IAEG-SDG members. Inputs on these indicators should focus to the extent possible on responding to the prompts.

In the questionnaire that follows, you will find the indicators with space to insert your comments, including, in some cases, the discussion prompts to guide your inputs. We kindly ask that comments are kept as brief as possible. Also, we request that you please **begin your comments by stating the name of your country and organization (ex. "Country Y comments..." or "Organisation Z comments...")**.

There are several documents on the IAEG-SDG website that may be of use when reviewing the indicators. These documents include:

- ["Results of the list of indicators reviewed at the second IAEG-SDG meeting \(2 November 2015\)"](#)
- ["Open consultation: Summary of comments received \(corrected version 19 October 2015\) and list of indicator proposals \(11 August 2015\)"](#)
- ["Compilation of Metadata Received on Indicators for Global Monitoring of the Sustainable Development Goals and Targets \(updated 23 October 2015\)"](#)
- ["Results of Questionnaire on Summary of Comments by IAEG Members \(updated 22 Oct 2015\)"](#)
- In addition, you can find [statements made during the 2nd IAEG-SDG meeting and other relevant documents on the website](#).

The inputs and comments provided will be considered by the IAEG-SDG Members in their final phase of preparation of the indicator proposal for submission to the Statistical Commission. Please note that the final decision on the number, type and formulation of the indicators in the final proposal of the set of global indicators will be taken by the IAEG-SDG Members.

The deadline for submitting your inputs is **9 pm EST, Tuesday, 15 December 2015**. While acknowledging that this is a very short turnaround, a timely completion of this consultation will ensure the IAEG-SDG Members are able to consider these inputs for their final phase. We thank you for your understanding.

If you have any questions or problems regarding the consultation, please contact Mr. Benjamin Rae ([raeb@un.org](mailto:raeb@un.org)).

## 2. Table of Contents

**Goal 1:** End Poverty in all its forms everywhere -- **page 3**

**Goal 2:** End hunger, achieve food security and improved nutrition, and promote sustainable agriculture -- **page 4**

**Goal 3:** Ensure healthy lives and promote well-being for all at all ages -- **page 5**

**Goal 4:** Ensure inclusive and equitable quality education and promote life-long learning opportunities for all -- **page 6**

**Goal 5:** Achieve gender equality and empower all women and girls -- **No Grey Indicators for this goal**

**Goal 6:** Ensure availability and sustainable management of water and sanitation for all -- **page 7**

**Goal 7:** Ensure access to affordable, reliable, sustainable, and modern energy for all -- **page 8**

**Goal 8:** Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all -- **page 9**

**Goal 9:** Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation -- **No Grey Indicators for this goal**

**Goal 10:** Reduce inequality within and among countries -- **page 10**

**Goal 11:** Make cities and human settlements inclusive, safe, resilient and sustainable -- **page 11**

**Goal 12:** Ensure sustainable consumption and production patterns -- **page 12**

**Goal 13:** Take urgent action to combat climate change and its impacts -- **page 13**

**Goal 14:** Conserve and sustainably use the oceans, seas and marine resources for sustainable development -- **page 14**

**Goal 15:** Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss -- **page 15**

**Goal 16:** Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels -- **page 16**

**Goal 17:** Strengthen the means of implementation and revitalize the global partnership for sustainable development -- **page 17**

3.

## Goal 1: End poverty in all its forms everywhere

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 1.4:** By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance.

**Indicator 1.4.1:** Proportion of the population living in households with access to basic services

**Target 1.5:** By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters

**Indicator 1.5.1:** Number of deaths, missing people, injured, relocated or evacuated due to disasters per 100,000 people

**Discussion prompt:** *There is a parallel process to review this indicator.*

**Target 1.b:** Create sound policy frameworks at the national, regional and international levels, based on pro-poor and gender sensitive development strategies, to support accelerated investment in poverty eradication efforts.

**Indicator 1.b.1:** Number of national action plans related to multi-lateral environmental agreements that support accelerated investment in actions that eradicate poverty and sustainably use natural resources

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

4.

### **Goal 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 2.3:** By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment.

**Indicator 2.3.2:** Total Factor Productivity

*Discussion prompt: The IAEG-SDGs Members would like to either consider the current proposal or suggestions for an alternative indicator.*

**Target 2.4:** By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality.

**Indicator 2.4.1:** Percentage of agricultural area under sustainable agricultural practices (indicator moved to grey following results of IAEG-SDGs member consultation)

*Discussion prompt: This might also include components currently addressed in indicators 2.4.2 and 2.4.3.*

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Indicator 2.4.2:** Percentage of agricultural households using irrigation systems compared to all agricultural households

*Discussion prompt: This element can be included in indicator 2.4.1.*

**Indicator 2.4.3:** Percentage of agricultural households using eco-friendly fertilizers compared to all agricultural households using fertilizers

*Discussion prompt: This element can be included in indicator 2.4.1.*

**Target 2.5:** By 2030, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly

## Consultation on Grey Indicators Proposed by IAEG-SDGs

managed and diversified seed and plant banks at the national, regional and international levels, and ensure access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed.

**Indicator 2.5.1: Ex-Situ Crop Collections Enrichment Index**

**Discussion prompt: The IAEG-SDG Members ask for suggestions on how to cover both aspects of the target (vegetation and animals), considered together with 2.5.2.**

**Indicator 2.5.2: Percentage of local crops and breeds and their wild relatives, classified as being at-risk, not at-risk or unknown level of risk of extinction**

**Discussion prompt: The IAEG-SDG Members ask for suggestions on how to cover both aspects of the target (vegetation and animals), considered together with 2.5.1.**

**Target 2.a:** Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries.

***Indicator 2.a.1: The Agriculture Orientation Index (AOI) for Government Expenditures***

**Target 2.c:** Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility.

***Indicator 2.c.1: Indicator of (food) Price Anomalies (IPA)***

5.

## Goal 3: Ensure healthy lives and promote well-being for all at all ages

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 3.8:** Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all.

**Indicator 3.8.1:** Coverage of tracer interventions (e.g. child full immunization, ARV therapy, TB treatment, hypertension treatment, skilled attendant at birth, etc.)

**Indicator 3.8.2:** Fraction of the population protected against catastrophic/improverishing out-of-pocket health expenditure

**Target 3.9:** By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination.

## Consultation on Grey Indicators Proposed by IAEG-SDGs

***Indicator 3.9.2: Mortality rate attributed to "hazardous chemicals, water and soil pollution and contamination"***

6.

### **Goal 4: Ensure inclusive and equitable education and promote lifelong learning opportunities for all**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 4.7:** By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.

**Indicator 4.7.1:** Percentage of 15-year old students enrolled in secondary school demonstrating at least a fixed level of knowledge across a selection of topics in environmental science and geoscience. The exact choice/range of topic will depend on the survey or assessment in which the indicator is collected (Disaggregations: sex and location (and others where data are available))

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

7.

## Goal 6: Ensure availability and sustainable management of water and sanitation for all

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 6.4:** By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity.

**Indicator 6.4.1:** Percentage change in water use efficiency over time

**Indicator 6.4.2:** Percentage of total available water resources used, taking environmental water requirements into account (Level of Water Stress)

**Target 6.5:** By 2030, implement integrated water resources management at all levels, including through transboundary cooperation as appropriate.

**Indicator 6.5.1:** Degree of Integrated water resources management (IWRM)

## Consultation on Grey Indicators Proposed by IAEG-SDGs

implementation (0-100)

8.

## Goal 7: Ensure access to affordable, reliable, sustainable and modern energy for all

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 7.b:** By 2030, expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries, in particular least developed countries and small island developing States

**Indicator 7.b.1:** Ratio of value added to net domestic energy use, by industry

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

9.

### **Goal 8: Promote sustained, inclusive economic growth, full and productive employment and decent work for all**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 8.4:** Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-year framework of programmes for sustainable consumption and production, with developed countries taking the lead

**Indicator 8.4.1:** Resource Productivity

*Discussion prompt: The IAEG-SDG Members ask for suggestions for an alternative indicator, in particular one considering both consumption and production.*

**Target 8.8:** Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment

**Indicator 8.8.2:** Number of ILO conventions ratified by type of convention

**Target 8.9:** By 2030, devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products

**Indicator 8.9.1:** Tourism direct GDP (as % of total GDP and in growth rate); and Number of jobs in tourism industries (as % total jobs and growth rate of jobs, by sex)

10.

## Goal 10: Reduce inequality within and among countries

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 10.5:** Improve the regulation and monitoring of global financial markets and institutions and strengthen the implementation of such regulations.

**Indicator 10.5.1:** Adoption of a financial transaction tax (Tobin tax) at world level

*Discussion prompt: The IAEG-SDG Members ask for suggestions for an alternative indicator that measures financial stability.*

**Target 10.7:** Facilitate orderly, safe, regular and responsible migration and mobility of people, including through the implementation of planned and well-managed migration policies

**Indicator 10.7.2:** International Migration Policy Index

**Indicator 10.7.3:** Number of detected and non-detected victims of human trafficking per

## Consultation on Grey Indicators Proposed by IAEG-SDGs

100,000; by sex, age and form of exploitation

11.

## Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 11.3:** By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries

**Indicator 11.3.2:** Percentage of cities with direct participation structure of civil society in urban planning and management, which operates regularly and democratically (IAEG-SDG Members added this indicator during the green indicator consultation)

**Target 11.4:** Strengthen efforts to protect and safeguard the world's cultural and natural heritage.

**Indicator 11.4.1:** Share of national (or municipal) budget which is dedicated to preservation, protection and conservation of national cultural natural heritage, including World Heritage sites

**Target 11.5:** By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations.

**Indicator 11.5.1:** Number of deaths, missing people, injured, relocated or evacuated due to disasters per 100,000 people

*Discussion prompt: There is a parallel process to review this indicator.*

**Target 11.7:** By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities

**Indicator 11.7.2:** Proportion of women subjected to physical or sexual harassment by perpetrator and place of occurrence (last 12 months)

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 11.a:** Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning

**Indicator 11.a.1:** Cities with more than 100,000 inhabitants that implement urban and regional development plans integrating population projections and resource needs

**Target 11.b:** By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction 2015-2030, holistic disaster risk management at all levels

**Indicator 11.b.1:** Percent of cities that are implementing risk reduction and resilience strategies aligned with accepted international frameworks (such as the successor to the Hyogo Framework for Action on Disaster Risk Reduction) that include vulnerable and marginalized groups in their design, implementation and monitoring

**Discussion prompt:** *There is a parallel process to review this indicator.*

**Target 11.c:** Support least developed countries, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials.

**Indicator 11.c.1:** Percentage of financial support that is allocated to the construction and retrofitting of sustainable, resilient and resource-efficient buildings

12.

## Goal 12: Ensure sustainable consumption and production patterns

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 12.2:** By 2030, achieve the sustainable management and efficient use of natural resources.

**Indicator 12.2.1:** Material footprint (MF) and MF/capita

**Target 12.4:** By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment.

**Indicator 12.4.2:** Treatment of waste, generation of hazardous waste (tonnes), hazardous waste management by type of treatment

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 12.8:** By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature.

**Indicator 12.8.1:** Percentage of educational institutions with formal and informal education curricula on sustainable development and lifestyle topics

**Target 12.a:** Support developing countries to strengthen their scientific and technological capacity to move towards more sustainable patterns of consumption and production.

**Indicator 12.a.1:** Number of qualified green patent applications over total

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

**Target 12.b:** Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products.

**Indicator 12.b.1:** Residual flows generated as a result of tourism direct GDP (derived from an extended version of the System of Environmental-Economic Accounting (SEEA) for tourism)

13.

## Goal 13: Take urgent action to combat climate change and its impacts\*

\*Acknowledging that the United Nations Framework Convention on Climate Change is the primary international, intergovernmental forum for negotiating the global response to climate change

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 13.1:** Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries.

**Indicator 13.1.1:** Number of deaths, missing people, injured, relocated or evacuated due to disasters per 100,000 people

*Discussion prompt: There is a parallel process to review this indicator.*

**Target 13.2:** Integrate climate change measures into national policies, strategies and planning.

**Indicator 13.2.1:** Number of countries that have formally communicated the establishment of integrated low-carbon, climate-resilient, disaster risk reduction development strategies (e.g. a national adaptation plan process, national policies and measures to promote transition to environmentally-friendly substances and technologies)

*Discussion prompt: Awaiting the conclusion of the COP21 talks in Paris for the final formulation of this indicator.*

**Target 13.3:** Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning.

**Indicator 13.3.1:** Number of countries that have integrated mitigation, adaptation, impact reduction and early warning into primary, secondary and tertiary curricula

**Discussion prompt:** *Awaiting the conclusion of the COP21 talks in Paris for the final formulation of this indicator.*

**Target 13.b:** Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities.

**Indicator 13.b.1:** Number of LDCs and SIDS that are receiving specialized support for mechanisms for raising capacities for effective climate change related planning and management, including focusing on women, youth, local and marginalized communities

**Discussion prompt:** *Awaiting the conclusion of the COP21 talks in Paris for the final formulation of this indicator.*

14.

### **Goal 14: Conserve and sustainable use the oceans, seas and marine resources for sustainable development**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 14.1:** By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution.

**Indicator 14.1.1:** Nitrogen use efficiency composite indicator

*Discussion prompt: The IAEG-SDG Members ask for suggestions for an alternative indicator that also includes marine debris.*

**Target 14.2:** By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans.

**Indicator 14.2.1:** % of coastal and marine development (to be defined) with formulated or implemented ICM/MSP plans (that are harmonized where applicable), based on an ecosystem approach, that builds resilient human communities and ecosystems and provides for equitable sharing and decent work

**Target 14.6:** By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation.

**Indicator 14.6.1:** Dollar value of negative fishery subsidies against 2015 baseline

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator, especially one to measure the prohibition of certain forms of fisheries subsidies.*

**Target 14.7:** By 2030, increase the economic benefits to small island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism.

**Indicator 14.7.1:** Fisheries as a % of GDP

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 14.b:** Provide access for small-scale artisanal fishers to marine resources and markets.

*Indicator 14.b.1:* Consider "Proportion of national fishery production by country that are catches by small-medium fishery businesses" or FAO proposal of "Progress by countries in adopting and implementing legal/regulatory/policy/institutional framework which recognizes and protects access rights for small-scale fisheries"

*Discussion prompt:* At the 2nd IAEG-SDGs meeting, Members decided to consider the above two proposals

**Target 14.c:** Enhance the conservation and sustainable use of oceans and their resources by implementing law as reflected in UNCLOS, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of The Future We Want.

*Indicator 14.c.1:* Number of countries implementing either legally or programmatically the provisions set out in regional seas protocols and ratification and implementation of the ILO Maritime and Fisheries Conventions (moved to grey by IAEG-SDG Members during the green indicator consultation)

15.

### **Goal 15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 15.1:** By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements.

**Indicator 15.1.1:** Forest area as a percentage of total land area

*Discussion prompt: The IAEG-SDG Members ask for suggestions for an alternative indicator, in particular considering coverage of protected areas of important sites for terrestrial and fresh water biodiversity.*

**Target 15.2:** By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally.

**Indicator 15.2.1:** Forest cover under sustainable forest management

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 15.3:** By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land-degradation-neutral world

**Indicator 15.3.1:** Percentage of land that is degraded over total land area (moved to grey by IAEG-SDG Members during the green indicator consultation)

**Target 15.7:** Take urgent action to end poaching and trafficking of protected species of flora and fauna and address both demand and supply of illegal wildlife products

**Indicator 15.7.1:** Red List Index for species in trade (moved to grey by IAEG-SDG Members during the green indicator consultation)

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

**Indicator 15.7.2:** Proportion of detected trade in wildlife and wildlife products that is illegal (same as indicator 15.c.1)

**Target 15.8:** By 2020, introduce measures to prevent the introduction and significantly reduce the impact of invasive alien species on land and water ecosystems and control or eradicate the priority species.

**Indicator 15.8.1:** Adoption of national legislation relevant to the prevention or control of invasive alien species

**Discussion prompt:** The IAEG-SDG Members ask for suggestions for an alternative indicator to cover both legislation and resources.

**Target 15.9:** By 2020, integrate ecosystem and biodiversity values into national and local planning, development processes, poverty reduction strategies and accounts.

*Indicator 15.9.1:* Number of national development plans and processes integrating biodiversity and ecosystem services values

**Target 15.b:** Mobilize significant resources from all sources and at all levels to finance sustainable forest management and provide adequate incentives to developing countries to advance such management, including for conservation and reforestation.

*Indicator 15.b.1:* Forestry official development assistance and forestry FDI

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 15.c:** Enhance global support for efforts to combat poaching and trafficking of protected species, including by increasing the capacity of local communities to pursue sustainable livelihood opportunities.

**Indicator 15.c.1:** Proportion of detected trade in wildlife and wildlife products that is illegal (same as indicator 15.7.2)

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator, especially one that covers the component of increasing the capacity of local communities.*

16.

### **Goal 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 16.1:** Significantly reduce all forms of violence and related death rates everywhere.

**Indicator 16.1.2:** Conflict-related deaths per 100,000 people (disaggregated by age, sex and cause)

**Indicator 16.1.4:** Proportion of people that feel safe walking alone around the area they live (IAEG-SDG Members agreed to add this indicator and classify it as grey during the green indicator consultation)

**Target 16.2:** End abuse, exploitations, trafficking and all forms of violence against and torture of children

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Indicator 16.2.3:** Percentage of young women and men aged 18-24 years who experienced sexual violence by age 18

**Target 16.3:** Promote the rule of law at the national and international levels and ensure equal access to justice for all

**Indicator 16.3.1:** Percentage of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms (also called crime reporting rate)

**Discussion prompt:** *At the 2nd IAEG-SDGs meeting, Members decided to choose between the current proposal or the alternative indicator "Proportion of those who have experienced a dispute in the past 12 months who have accessed a formal, informal, alternative or traditional dispute resolution mechanism."*

**Target 16.4:** By 2030, significantly reduce illicit financial and arms flows, strengthen the recovery and return of stolen assets and combat all forms of organized crime

**Indicator 16.4.1:** Total value of inward and outward illicit financial flows (in current US\$)

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 16.5:** Substantially reduce corruption and bribery in all their forms.

**Indicator 16.5.1:** Percentage of persons who had at least one contact with a public official, who paid a bribe to a public official, or were asked for a bribe by these public officials, during the last 12 months. Disaggregate by age, sex, region and population group

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator that includes private sector corruption.*

**Target 16.7:** Ensure responsive, inclusive, participatory and representative decision-making at all levels

**Indicator 16.7.2:** Proportion of countries that address young people's multisectoral needs with their national development plans and poverty reduction strategies

**Discussion prompt:** *At the 2nd IAEG-SDGs meeting, Members decided to consider the three alternative proposals: 1) Turnout as a share of voting-age population in national elections; 2) Percentage of population who believe decision-making is inclusive and responsive, by age, sex, disability and population group; 3) Proportion of public service positions held by women and members of target groups.*

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 16.10:** Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements.

**Indicator 16.10.1:** Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months

**Target 16.a:** Strengthen relevant national institutions, including through international cooperation, for building capacity at all levels, in particular in developing countries, to prevent violence and combat terrorism and crime.

**Indicator 16.a.1:** Percentage of victims who report physical and/or sexual crime to law enforcement agencies during the past 12 months (Disaggregated by age, sex, region and population group)

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

17.

### **Goal 17: Strengthen the means of implementation and revitalize the global partnership for sustainable development**

*For each of the indicators listed below, please provide any comments you have on the proposed indicator. In your response, please begin by providing the name of your country or organisation.*

**Target 17.1:** Strengthen domestic resource mobilization, including through international support to developing countries, to improve domestic capacity for tax and other revenue collection.

**Indicator 17.1.2:** Proportion of domestic budget funded by domestic taxes (IAEG-SDG Members agreed to add this indicator to grey during the green indicator consultation)

**Target 17.3:** Mobilize additional financial resources for developing countries from multiple sources.

**Indicator 17.3.1:** "Foreign Direct Investments as % of total FDI + ODA" with modification (IAEG-SDG Members agreed to move this indicator to grey during the green indicator consultation)

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 17.5:** Adopt and implement investment promotion regimes for least developed countries.

**Indicator 17.5.1:** Number of national and investment policy reforms adopted that incorporate sustainable development objectives or safeguards by country

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*

**Target 17.9:** Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the sustainable development goals, including through North-South, South-South and triangular cooperation.

**Indicator 17.9.1:** The dollar value of financial and technical assistance, including through North-South, South-South, and triangular cooperation, committed to developing countries' designing and implementing a holistic policy mix that aims at sustainable development in three dimensions (including elements such as reducing inequality within a country and governance)

**Target 17.13:** Enhance global macroeconomic stability, including through policy coordination and policy coherence

*Indicator 17.13.1:* GDP

**Target 17.15:** Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development.

*Indicator 17.15.1:* Number of constraints that are embodied in ODA or loan agreements, IIAs, RTAs, etc

**Target 17.16:** Enhance the global partnership for sustainable development, complemented

## Consultation on Grey Indicators Proposed by IAEG-SDGs

by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the sustainable development goals in all countries, in particular developing countries

**Indicator 17.16.1:** Indicator 7 from Global Partnership Monitoring Exercise: Mutual accountability among development co-operation actors is strengthened through inclusive reviews

**Discussion prompt:** The IAEG-SDG Members ask for suggestions for an alternative indicator.

**Target 17.18:** By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts

**Indicator 17.18.2:** Number of countries that have national statistical legislation that complies with the Fundamental Principles of Official statistics (IAEG-SDG Members agreed to add this indicator to grey during the green indicator consultation)

## Consultation on Grey Indicators Proposed by IAEG-SDGs

**Target 17.19:** By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries

**Indicator 17.19.2:** Inclusive Wealth Index

**Discussion prompt:** *The IAEG-SDG Members ask for suggestions for an alternative indicator.*
