## Quality Report

- 1 General information on the statistics
  - 1.1 Name of the statistics
  - 1.2 Reporting period
  - 1.3 Survey date
  - 1.4 Periodicity
  - 1.5 Regional coverage
  - 1.6 Survey population, principle of allocating the survey units
  - 1.7 Survey units
  - 1.8 Legal bases, Regulations, Recommendations
  - 1.9 Confidentiality and data protection
- 2 Purpose and goals of the statistics
  - 2.1 Survey content
  - 2.2 Purpose of the statistics
  - 2.3 Major users of the statistics
  - 2.4 Involving the users
- 3 Survey methodology
  - 3.1 Type of data collection
  - 3.2 Sampling method
  - 3.3 Sample size, sampling fraction
  - 3.4 Stratification
  - 3.5 Expansion
  - 3.6 Data collection tools and reporting channel
  - 3.7 Burden on respondents
- 4 Accuracy
  - 4.1 Overall qualitative assessment of accuracy
  - 4.2 Sampling errors
  - 4.3 Non-sampling errors
- 5 Timeliness
- 6 Comparability in terms of time and region
- 7 Connection with other surveys
- 8 Other information sources
