

Item 4 (b) "Gender statistics"

Intervention by Cambodia

Thank Mr. Chair,

Cambodia is fully support to the report of the Secretary-General on gender statistics.

We appreciate very much for the support of Sida Statistics Sweden in creating Gender Statistics Working Group within National Institute of Statistics in 2007. Based on Household Survey and other sources such as Population Census, Demographic and Health Survey as well as administrative report, the team of working group has produced Statistics Booklet on "Women and Men in Cambodia" every two years. Currently, we have published 3 edition of Booklet and 4 reports on "Gender in Cambodia" as well as gender leaflets.

Thank you very much Mr. Chair.
