

Publication Note: **February 2011**

The following tables have been published in February 2011:

- Table 35: Imports and exports for countries and regions in U.S. dollars with data up to November 2010
- Table 36: Imports and exports and indices for countries in national currency with data up to November 2010
- Table 39: Trade indices for regions in U.S. dollars with data up to the 3rd quarter of 2010.

Tables 39 published in November, August and May 2010 have been replaced with corrected versions which no longer show data for the region Northern Africa for import unit value index, import volume index and terms of trade, as there is not sufficient data for the 'parent' region Africa.
