#### Central Africa Division

##### Summary\*\*

On the occasion of the United Nations Conference on the Standardization of Geographical Names, the Central Africa Division highlights the efforts made since the last meeting, in 2007. One particularly notable activity was the organization of a training seminar on the standardization of geographical names held, for the subregion, in Yaoundé in November 2010 with the cooperation of the United Nations Group on Geographical Names. The Division is also to be credited with awareness-raising among member countries and contributing to the work of the Task Team for Africa.
