

Global Consultation on Annotated Outlines for Chapters in the Updated System of National Accounts and Balance of Payments Manual - **Fourth round**

Overview

Several Annotated Outlines have been prepared to assist in the drafting of chapters for the updates of the 2008 System of National Accounts (SNA) and the sixth edition of the Balance of Payments and International Investment Position Manual (BPM). They are now being made available for global consultation on both the [SNA update website](#) and the [BPM update website](#).

The Annotated Outlines provide the components of the proposed structures of the chapter and a general overview of these components. They do not provide detailed descriptions of conceptual or methodological issues - this will be done in the actual drafting of the chapters.

The Annotated Outlines have been prepared for chapters that will be new and for chapters that will be substantially revised. Some of these chapters, labelled 'joint chapters', will essentially be common to both the updated SNA and BPM.

The list below shows the Annotated Outlines that have been prepared for this Global Consultation. (The chapter numbers refer to the proposed chapter numbers in the updated SNA and BPM.)

Please click on the chapter title to open the Annotated Outlines in PDF format.

For a full list of the proposed chapters for the updated BPM, please click [here](#).

While it is not proposed to produce Annotated Outlines for all chapters, it is likely that Annotated Outlines will also be prepared for some further chapters.

For chapters for which an Annotated Outline will not be prepared, their structure and

content will not be changed, apart from incorporating recommendations agreed in the update process. These will be incorporated in a transparent way and subject to global consultation at a later stage.

If you have any questions, please contact STABPM6Update@imf.org or sna@un.org.

Sincerely,
SNA and BPM Secretariats
