United Nations Statistical Commission
Global Working Group on Big Data for Official Statistics
GWG Bureau meeting

Action Points

➢ Finalizing the outcomes of the Big Data week in Kigali:
  o Proceedings of the Kigali conference and activities
  o Report of the annual meeting of the GWG
  o Highlights of the conference should be reported to the UN Statistical Commission in the main GWG report and in more detail in a background report to the Commission.
  o Report on the increase in traffic and participants on the UN Global Platform as an outcome of Kigali
  o Task Team leaders should evaluate the various presentations given in Kigali for the work of their teams

➢ The Governance structure of the UN Global Platform should be worked out

➢ Terms of References for the GWG Scientific Advisory Committee should be drafted

➢ Preparatory work for the 6th International Conference on Big Data for official statistics in Korea in the first half of 2020

➢ Preparatory work for a session of the GWG at the WDF 2020 in Bern, Switzerland

➢ Working on the content of a promo video for the GWG, the UN Global Platform and its events and activities (including Switzerland, Denmark and Canada)

➢ GWG Bureau members and Conference organizers need to submit an estimate of the resources invested into the platform over the years

➢ Finalizing the brochure and the background document on the UN Global Platform

➢ Draft a more committing template for the work and deliverables of the Task Teams

➢ Ensuring good communication between the GWG Task Team on Training, Competencies and Capacity Developments and the Task Force on Data Access and Skills under the Conference of the European Statisticians

➢ Draft TOR for Advisory Board of the UN Global Platform and invite members
