# UAEs Journey Towards achieving the SDGs

# In 2015, United Nations member states adopted the SDGs as the new Sustainable Development Agenda

**17** Goals that aim to elevate global development to find solutions for our global challenges by the year **2030**

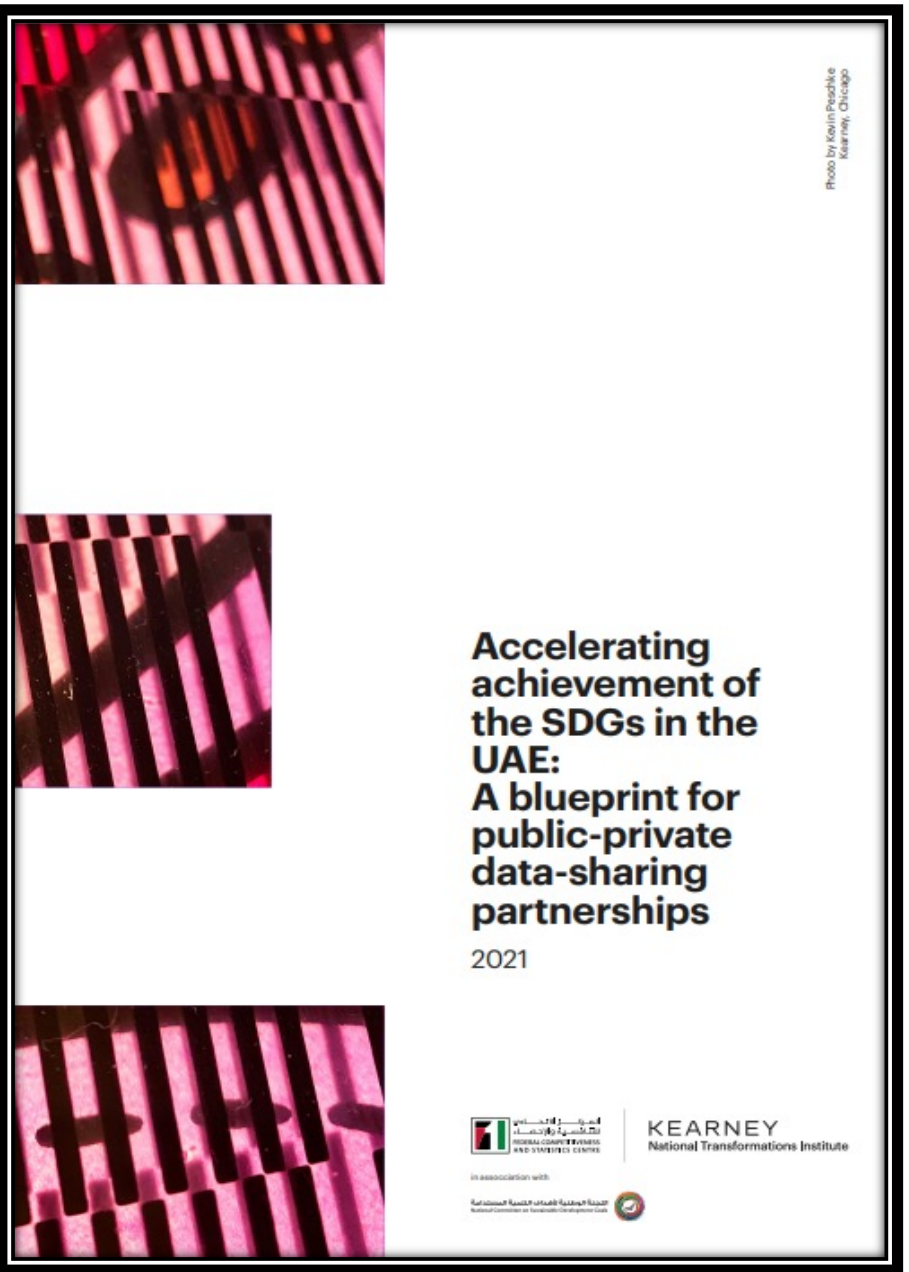

In January 2017, the National Committee on SDGs was formed by UAE Cabinet decree. The committee is chaired by H.E. Reem bint Ebrahim Al Hashimy with members from federal entities

# The PSAC seeks to convene top public and private sector leaders to determine how the private sector can play a greater role in UAE SDG progress

Based on survey and interview insights, we developed a framework for strengthening public-private data-sharing partnerships for SDG achievement

1. Collaborate to create a voluntary policy for data sharing that reflects both parties' sustainable development priorities
2. Leverage collective perspectives on sustainability taxonomy to build a standardized model for data sharing
3. Identify entities for partnership to implement the data-sharing model
4. Implement a secure, data exchange layer and a digital statistics system
5. Increase the publicity of SDG developments in English media outlets

# UAE is ranked 5th globally in OECD's Official Development Assistance

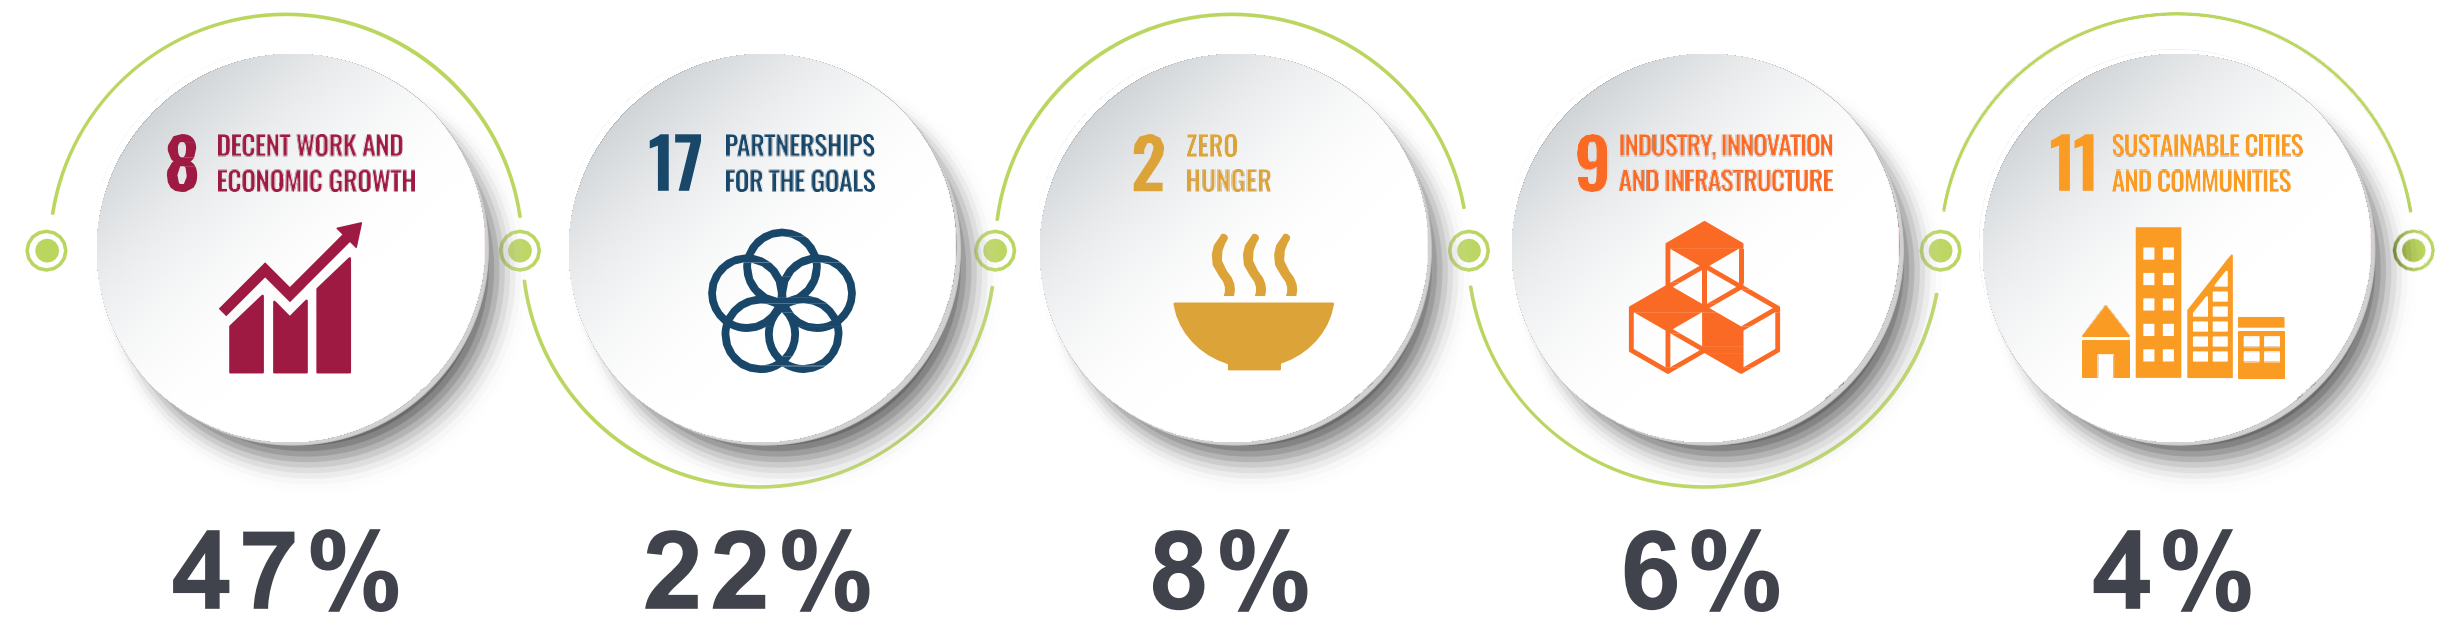

## UAE foreign assistance

in 2019  
amounted to

AED **29.4** billion

The largest portion of aid was distributed towards the following goals

The remaining foreign aid was directed towards supporting the other SDGs
