

# Use of MPD for Statistical Purposes in Georgia: Country Experience

**SHORENA TSIKLAURI**

Head, Population Census and Demographic  
Statistics Department

National Statistics Office of Georgia (GEOSTAT)

# Activities related to the Big Data solutions

## Memberships:

- ✓ Georgia is a Member of the Global Working Group on Big Data for Official Statistics, created by the UNSC
- ✓ Georgia is a Member of the UN Expert Group on Migration statistics

## Measuring human mobility with the use of Mobile Phone Data will make it possible to:

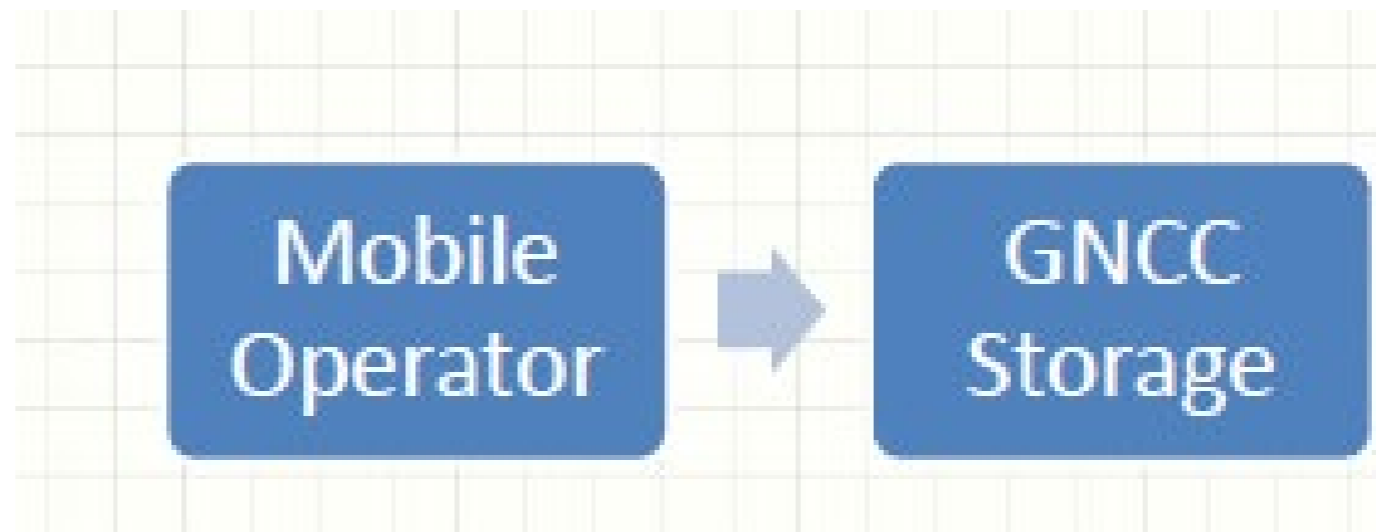

- ✓ Estimate population by age and sex at the municipality level;
- ✓ Internal migration – available annually;
- ✓ Estimate different forms of migration in real time;
- ✓ Filling gaps in tourism statistics.

# Challenges:

- ❑ Legislative aspects;
- ❑ IT infrastructure;
- ❑ Access to data/Partnership Model

# Lessons Learned:

- coordinating mechanism between stakeholders;
- Data privacy;
- Recourses.

**THANK YOU FOR YOUR ATTENTION!**
