FUTURE PLANS

- Creating new products and launching new services
- Improving the quality of data at the regional level
- Develop list of short-term statistics indicators

- Enhancement of the IT system of GEOSTAT
- Capacity development of employees of GEOSTAT
- Improvement of data dissemination capacity of relevant stakeholders
- Increasing the credibility of and developing trust in official statistics

LESSONS LEARNED

NEED FOR DIALOGUE WITH USERS & OWNERS OF DATA SOURCES

- Global interest on data made statisticians and policymakers close to each other
- Bilateral cooperation ensures, that objectives are measurable and selected indicators are recognized by policymakers
- Cooperation and coordination between statisticians and policymakers needs to be strengthened
- Statistics system needs to be developed

COMMUNICATION

- Regular communication at different levels
- Active cooperation with users and owners of data sources
- Ensure establishment of transparent and reliable system

DEFINE CONCRETU RULES AND OBLIGATIONS
OF RELEVAN STAKEHOLDERS

THANK YOU FOR YOUR ATTENTION!
