Read the following statement of purpose confidently, and then give time for the respondent to ask questions.											

The Uganda Bureau of Statistics is conducting a survey of households across Uganda to better understand asset ownership in the country.

The findings from the survey will provide important information to the Government for developing policies and programs to improve the lives of men and women in Uganda.

Your household was selected as one of those to which the survey questions will be asked. You were not selected for any specific reason. Rather, your household was selected randomly from a list of all of the households in this village.

All information your household provides is strictly confidential. It will not be shared with any other government agency, and it will only be used for statistical purposes by the Uganda Bureau of Statistics or under its supervision. To ensure that the most accurate information is collected, it is very important that we interview the specific household member selected for the interview and that we interview him or her alone, without family or neighbors present. If, during the interview, any family members or neighbors come within hearing distance of the interview, please ask them kindly to come back later after the interview has been completed.

Please spare some time to answer the questions. We thank you in advance for your time.
