## Concepts and definitions

---

**Definition:**

ODA PART: ODA disbursements (expressed in millions of USD)

**Rationale:**

Total ODA flows to developing countries quantify the public effort that donors provide to developing countries.

**Concepts:**

ODA: The DAC defines ODA as “those flows to countries and territories on the DAC List of ODA Recipients and to multilateral institutions which are i) provided by official agencies, including state and local governments, or by their executive agencies; and ii) each transaction is administered with the promotion of the economic development and welfare of developing countries as its main objective; and is concessional in character). (See

<http://www.oecd.org/dac/stats/officialdevelopmentassistancedefinitionandcoverage.htm>

)

**Comments and limitations:**

ODA data are available from 1960 onwards

## Methodology

---

**Disaggregation:**

ODA can be disaggregated by donor, recipient country, type of finance, type of aid, sector, etc.

**Treatment of missing values:**

- [At country level](#)

ODA DATA: None

- [At regional and global levels](#)

ODA DATA: None

**Regional aggregates:**

ODA is broken down by country and geographical regions can be compiled from the country data.

**Sources of discrepancies:**

ODA: DAC statistics are standardized on a calendar year basis for all donors and may differ from fiscal year data available in budget documents for some countries.

## Data Sources

---

**Description:**

The OECD/DAC has been collecting data on ODA flows from 1960.

The data are reported by donors according to the same standards and methodologies (see here: <http://www.oecd.org/dac/stats/methodology.htm>).

Data are reported on an annual calendar year basis by statistical reporters in national administrations (aid agencies, Ministries of Foreign Affairs or Finance, etc).

**Collection process:**

ODA DATA: A statistical reporter is responsible for the collection of DAC statistics in each providing country/agency. This reporter is usually located in the national aid agency, Ministry of Foreign Affairs or Finance etc.

## Data Availability

---

**Description:**

On a donor basis for all DAC countries and many non-DAC providers (bilateral and multilateral) that report to the DAC.

## Calendar

---

### **Data collection:**

ODA DATA: Data are published on an annual basis in December for flows in the previous year. Detailed 2019 flows will be published in December 2020.

### **Data release:**

ODA DATA: December 2020 for the release of 2019 ODA figures.

## Data providers
