

Online Open Consultation of Civil Society, Academia and the Private Sector on the Global Indicator Framework for the Goals and Targets of the Sustainable Development Goals

Organized by the Inter-agency and Expert Group on Sustainable Development Goal Indicators

11 August 2015 - 7 September 2015

* Required

Instructions - Please Read before beginning the consultation:

This consultation is only for civil society, academia and the private sector and not for Members or Observers of the IAEG-SDGs. If you are from a National Statistical Office or an international or regional organization, please use the following link <http://bit.ly/1hwkayG> and provide your comments through the consultation forum for Members and Observers.

Participants in this consultation are encouraged to:

- 1) submit their comments, proposals, and responses to the cross-cutting questions proposed by the IAEG-SDGs; and
- 2) provide comments on the list of indicator proposals currently under discussion by the IAEG-SDGs. The current list of indicator proposals can be found at the following link: <http://bit.ly/1WqePvs>.

Important Note 1: If your organization previously submitted comments during the first consultation, please do not resubmit the same information. The valuable comments and suggestions made during the first consultation were compiled and already provided to the IAEG-SDGs for their consideration and a link to the summary provided can be viewed here: <http://bit.ly/1lICwTR>. Please only submit new information.

Important Note 2: We ask that you please consult with colleagues within your organization prior to completing the online consultation form in order to limit the number of submissions to one per organization. A pdf version of this questionnaire is available on the IAEG-SDGs website: <http://unstats.un.org/sdgs/> to share with your colleagues. After coordinating with your colleagues, please enter your responses below. Please note the character limit per response.

Organization of the Online Open Consultation:

The consultation is divided into four sections:

- 1) Basic information about you, your organization and your interest in the indicator framework for the SDGs.
- 2) Comments on the indicators for the 17 goals and 169 targets. There will be one entry for each target where you can provide your comments on indicators for this target. There will be a character limit of 1,000 (approximately 200 words) for these responses.
- 3) Inputs on four cross-cutting issues that are of particular importance to the work of IAEG-SDGs. We ask that your responses to these discussion topics remain brief (a character limit of

2,500, approximately 500 words exists) in order to allow us to effectively process the responses.
4) Additional comments you wish to provide to the IAEG-SDGs.

If you encounter any problems with the online form or have any questions regarding its completion, please contact Benjamin Rae at raeb@un.org.

Thank you for your collaboration in completing this consultation.

Section 2: Comments on Indicator Proposal

Instructions: Below you will find 17 topics (one for each of the 17 Sustainable Development Goals) and individual sub-topics for each target under the goal where you can provide comments. Please provide any comments on the indicator proposals for the targets in the space provided. Please note there is a 1,000 character limit (approximately 200 words) for each target. If you have already provided comments on these goals and targets during the previous consultation, please do not re-submit them here as the IAEG-SDGs is currently considering them.

Topic 1: Goal 1: End poverty in all its forms everywhere

8. **Target 1.1: By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day**

.....

.....

.....

.....

.....

9. **Target 1.2: By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions**

.....

.....

.....

.....

.....

10. **Target 1.3: Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable**

.....

.....

.....

.....

.....

11. **Target 1.4: By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance**

.....

.....

.....

.....

.....

12. **Target 1.5: By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters**

.....

.....

.....

.....

.....

13. **Target 1.a: Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions**

.....

.....

.....

.....

.....

14. **Target 1.b: Create sound policy frameworks at the national, regional and international levels, based on pro-poor and gender-sensitive development strategies, to support accelerated investment in poverty eradication actions**

.....

.....

.....

.....

.....

Topic 2: Goal 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture

15. **Target 2.1: By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round**

.....

.....

.....

.....

.....

16. **Target 2.2: By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons**

17. **Target 2.3: By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment**

18. **Target 2.4: By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality**

19. **Target 2.5: By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and ensure access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed**

20. **Target 2.a: Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries**

.....

.....

.....

.....

.....

21. **Target 2.b: Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round**

.....

.....

.....

.....

.....

22. **Target 2.c: Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility**

.....

.....

.....

.....

.....

Topic 3: Goal 3: Ensure healthy lives and promote well-being for all at all ages

23. **Target 3.1: By 2030, reduce the global maternal mortality ratio to less than 70 per 100,000 live births**

.....

.....

.....

.....

.....

24. **Target 3.2: By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births**

25. **Target 3.3: By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases**

26. **Target 3.4: By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being**

27. **Target 3.5: Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol**

28. **Target 3.6: By 2020, halve the number of global deaths and injuries from road traffic accidents**

29. **Target 3.7: By 2030, ensure universal access to sexual and reproductive health-care services, including for family planning, information and education, and the integration of reproductive health into national strategies and programmes**

30. **Target 3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all**

31. **Target 3.9: By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination**

32. **Target 3.a: Strengthen the implementation of the World Health Organization Framework Convention on Tobacco Control in all countries, as appropriate**

.....

.....

.....

.....

.....

33. **Target 3.b: Support the research and development of vaccines and medicines for the communicable and non-communicable diseases that primarily affect developing countries, provide access to affordable essential medicines and vaccines, in accordance with the Doha Declaration on the TRIPS Agreement and Public Health, which affirms the right of developing countries to use to the full the provisions in the Agreement on Trade-Related Aspects of Intellectual Property Rights regarding flexibilities to protect public health, and, in particular, provide access to medicines for all**

.....

.....

.....

.....

.....

34. **Target 3.c: Substantially increase health financing and the recruitment, development, training and retention of the health workforce in developing countries, especially in least developed countries and small island developing States**

.....

.....

.....

.....

.....

35. **Target 3.d: Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks**

94. **Target 10.7: Facilitate orderly, safe, regular and responsible migration and mobility of people, including through the implementation of planned and well-managed migration policies**

95. **Target 10.a: Implement the principle of special and differential treatment for developing countries, in particular least developed countries, in accordance with World Trade Organization agreements**

96. **Target 10.b: Encourage official development assistance and financial flows, including foreign direct investment, to States where the need is greatest, in particular least developed countries, African countries, small island developing States and landlocked developing countries, in accordance with their national plans and programmes**

97. **Target 10.c: By 2030, reduce to less than 3 per cent the transaction costs of migrant remittances and eliminate remittance corridors with costs higher than 5 per cent**

Topic 11: Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable

98. **Target 11.1: By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums**

99. **Target 11.2: By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons**

100. **Target 11.3: By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries**

101. **Target 11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage**

102. **Target 11.5: By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations**

103. **Target 11.6: By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management**

104. **Target 11.7: By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities**
-

105. **Target 11.a: Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning**
-

106. **Target 11.b: By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction 2015-2030, holistic disaster risk management at all levels**
-

107. **Target 11.c: Support least developed countries, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials**
-

Topic 12: Goal 12: Ensure sustainable consumption and production patterns

108. **Target 12.1: Implement the 10-year framework of programmes on sustainable consumption and production, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries**
109. **Target 12.2: By 2030, achieve the sustainable management and efficient use of natural resources**
110. **Target 12.3: By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses**
111. **Target 12.4: By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment**

112. **Target 12.5: By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse**
113. **Target 12.6: Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle**
114. **Target 12.7: Promote public procurement practices that are sustainable, in accordance with national policies and priorities**
115. **Target 12.8: By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature**

116. **Target 12.a: Support developing countries to strengthen their scientific and technological capacity to move towards more sustainable patterns of consumption and production**

117. **Target 12.b: Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products**

118. **Target 12.c: Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities**

Topic 13: Goal 13: Take urgent action to combat climate change and its impacts

119. **Target 13.1: Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries**

120. **Target 13.2: Integrate climate change measures into national policies, strategies and planning**

121. **Target 13.3: Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning**

122. **Target 13.a: Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible**

123. **Target 13.b: Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries, including focusing on women, youth and local and marginalized communities**

Topic 14: Goal 14: Conserve and sustainable use the oceans, seas and marine resources for sustainable development

124. **Target 14.1: By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution**
125. **Target 14.2: By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans**
126. **Target 14.3: Minimize and address the impacts of ocean acidification, including through enhanced scientific cooperation at all levels**

127. **Target 14.4: By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics**
128. **Target 14.5: By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information**
129. **Target 14.6: By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation**
130. **Target 14.7: By 2030, increase the economic benefits to Small Island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism**

131. **Target 14.a: Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular small island developing States and least developed countries**
132. **Target 14.b: Provide access for small-scale artisanal fishers to marine resources and markets**
133. **Target 14.c: Enhance the conservation and sustainable use of oceans and their resources by implementing international law as reflected in UNCLOS, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of The Future We Want**

Topic 15: Goal 15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainable manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

134. **Target 15.1: By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements**
135. **Target 15.2: By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally**
136. **Target 15.3: By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation-neutral world**
