

**United Nations Statistics Division and UNICEF  
Expert Group Meeting on Data Disaggregation**  
(Final)

UNICEF House, New York

27-29 June 2016

Co-convened by UNSD and UNICEF

**PROVISIONAL WORK PROGRAMME**

Note on the structure of the sessions:

*Sessions 3-10 are addressing different types of disaggregation included in the 2030 Agenda. Each session will have two parts: the first part involves experts presenting on the current standards, guidelines/recommendations, methodological tools with concrete examples of current work and existing strategies undertaken by National Statistics Offices, International Organizations and other stakeholders aimed to reach the most vulnerable population. In the second part of the each session, the Expert group will brainstorm on the way forward and, where possible, make recommendations.*

<b>Time</b>	<b>Topic</b>
	<b><u>DAY 1 — Monday, 27 June 2016</u></b>
<b>9:00 – 9:30</b>	<b>Registration of participants</b>
<b>9:30 – 10:00</b>	<b>Session 1 – Opening session</b> <b>Chair: Ms. Linda Hooper, UNSD</b> <ul style="list-style-type: none"> <li>- Opening remarks – Mr. Stefan Schweinfest, UNSD</li> <li>- Opening remarks – Mr. Jeff O’Malley, UNICEF</li> <li>- Introduction of participants and administrative matters</li> <li>-</li> </ul>
<b>10:00 – 11:30</b>	<b>Session 2 – The implications of ‘leave no one behind’</b> This session will include various perspectives on the meaning of “leaving no one behind” and what are the implications for the national statistical offices. The 2030 Agenda will not be met if the most vulnerable are not reached. The session will examine leaving no one behind from a human rights and statistical perspective and address how data production, collection and analysis needs to be adapted or changed to meet the needs of the agenda. Data disaggregation is a means to make the vulnerable visible and to measure all to establish who is left behind and where they are on order to reach them. <b>Chair: Ms. Francesca Perucci, UNSD</b> <ul style="list-style-type: none"> <li>- Key note on the data needs for analysis of inequalities by Mr. Cesar Victora, Federal University of Pelotas, Brazil</li> <li>- Presentation from human rights perspective by Mr. Nicolas Fasel, OHCHR</li> <li>- Presentation from a statistical perspective by Ms. Linda Hooper, UNSD and Mr. Attila Hancioglu, UNICEF</li> <li>- General discussion</li> </ul>
<b>11:30 – 11:50</b>	<i>Coffee break</i>

<p><b>11:50 – 13:00</b></p>	<p><b>Session 3 – Data disaggregated by sex</b>  Gender statistics is a cross-cutting, multi-sector domain. Sex-disaggregated data is one aspect of gender statistics. This session will showcase country experiences on producing sex disaggregated statistics and highlight work undertaken.  <b>Chair: Ms. Francesca Grum, UNSD</b>  <u>Concrete examples of current work and specific strategies</u>  - Presentation by Mr. Juan Enrique Garcia Lopez, INEGI, Mexico  - Presentation by Ms. Sunita Kishor, ICF International  - Presentation by Mr. Friedrich Huebler, UNESCO  <u>General discussion: The way forward and recommendations</u></p>
<p><b>13:00 – 14:15</b></p>	<p style="text-align: center;"><i>Lunch</i></p>
<p><b>14:15– 15:45</b></p>	<p><b>Session 4 – Data disaggregated by income and/or other dimensions of poverty</b>  This session will showcase national practices on data disaggregated by income and other dimensions of poverty.  <b>Chair: Mr. Simone Cecchini, ECLAC</b>  <u>Concrete examples of current work and specific strategies</u>  - Presentation by Mr. Leonardo Athias, Brazilian Institute for Geography and Statistics  - Presentation by Mr. Olivier Dupriez, World Bank  - Presentation by Mr. Shea Rutstein, ICF International  - Presentation by Mr. Ahmad Hosseinpoor, WHO  <u>General discussion: The way forward and recommendations</u></p>
<p><b>15:45 – 16:05</b></p>	<p style="text-align: center;"><i>Coffee break</i></p>
<p><b>16:05-17:15</b></p>	<p><b>Session 5 – Data disaggregated by disability status</b>  Enabling all people regardless of their abilities to profit from sustainable development means that we have to understand their abilities and be able to adequately quantify the people. This session will examine national practices and work being undertaken toward standards for measuring persons living with disabilities. Bringing together the work of the Washington Group and other key stakeholders will highlight methodological work undertaken and areas that need further work.  <b>Chair: Ms. Margaret Mbogoni, UNSD</b>  <u>Concrete examples of current work and specific strategies</u>  - Presentation by Ms. Tijana Comic, Statistical Office of Republic of Serbia  - Presentation by Ms. Jennifer Madans, National Center for Health Statistics, United States  - Presentation by Ms. Pauline Thivillier, SightSavers  <u>General discussion: The way forward and recommendations</u></p>

<b>DAY 2 — Tuesday, 28 June 2016</b>	
<b>9:00 – 10:30</b>	<p><b>Session 6 – Data disaggregated by age</b>  This session will discuss aspects of age disaggregation, including all aspects of the life cycle. In the first panel, concrete examples of current work and existing strategies undertaken by National Statistics Offices, International Organizations and other stakeholders aimed to reach the most vulnerable will be highlighted. If international standards exist, the presenters will include them in their presentations. In the second panel, panellists will brainstorm on the way forward/recommendations that national statistical offices can apply to ensure that data for all stages of the life cycle are available in the follow up and review of the SDG indicators.</p> <p><b>Chair: Kim Bradford Smith, DFID</b>  <u>Concrete examples of current work and specific strategies</u></p> <ul style="list-style-type: none"> <li>- Presentation by Mr. Macdonald George Ochieng Obudho, Kenya National Bureau of Statistics</li> <li>- Presentation by Mr. Niels Plough, Statistics Denmark</li> <li>- Presentation by Mr. Asghar Zaidi, University of Southampton</li> <li>- Presentation by Mr. Shane Khan, UNICEF</li> </ul> <p><u>General discussion: The way forward and recommendations</u></p>
<b>10:30 – 10:50</b>	<b>Coffee break</b>
<b>10:50 – 12:15</b>	<p><b>Session 7 – Data disaggregated by ethnicity and race</b>  Collection of data relating to ethnicity and race faces a number of methodological challenges and sensitivities. This session will explore different approaches ranging from self-identification to standard questions used to categorize individuals.</p> <p><b>Chair: Mr. Serge Kapto, UNDP</b>  <u>Concrete examples of current work and specific strategies</u></p> <ul style="list-style-type: none"> <li>- Presentation by Professor Ann Morning, NYU</li> <li>- Presentation by Mr. Juan Enrique Garcia Lopez, INEGI, Mexico</li> <li>- Presentation by Mr. Desmond Booysen, Statistics South Africa</li> <li>- Presentation on Inequalities in access to WASH by Mr. Tom Slaymaker, UNICEF</li> </ul> <p><u>General discussion: The way forward and recommendations</u></p>
<b>12:15 – 12:45</b>	<p><b>Session 8 – Data disaggregated by migratory status</b>  <b>Chair: Mr. Chris Richter, IOM</b>  <u>Concrete examples of current work and specific strategies</u></p> <ul style="list-style-type: none"> <li>- Presentation by Mr. Bela Hovy, Population Division</li> </ul> <p><u>General discussion: The way forward and recommendations</u></p>
<b>12:45 – 14:00</b>	<b>Lunch</b>
<b>14:00-15:15</b>	<p><b>Session 9 – Other characteristics</b>  In this session, other characteristics that are relevant to ensuring that the 2030 Agenda reaches the most vulnerable will be explored. It is not the intention of this session to cover all relevant areas, but to highlight some characteristics and the work undertaken.</p> <p><b>Chair: Mr. Nicolas Fasel, OHCHR</b>  <u>Concrete examples of current work and specific strategies</u></p> <ul style="list-style-type: none"> <li>- Presentation on homelessness by Professor Dennis Culhane, University of Pennsylvania</li> <li>- Presentation on employment status by Mr. Steven Kapsos, ILO</li> <li>- Presentation on indigenous peoples by Ms. Grace Balawag, Tebtebba - Indigenous Peoples' International Centre for Policy Research and Education</li> </ul> <p><u>General discussion: The way forward and recommendations</u></p>
<b>15:15 – 15:30</b>	<b>Coffee break</b>

15:30 – 17:30	<p><b>Session 10 – Data disaggregated by geographic location/mapping</b>  Geography is an important dimension of inequality between and within countries including urban and rural and other disadvantaged geographic areas (including slums). This session will focus on the ability of different data sources to provide information on lower administrative levels of interest.  <b>Chair: Mr. Gregory Scott, UNSD</b>  <u>Concrete examples of current work and specific strategies</u></p> <ul style="list-style-type: none"> <li>- Presentation on Integration of statistics and geospatial information by Ms. Marie Haldorson, Statistics Sweden</li> <li>- Presentation on mapping by Professor Bob Chen, Columbia University</li> <li>- Presentation on use of Censuses to provide small area estimations by Ms. Bernadette Balamhan, Philippines</li> <li>- Presentation by Professor Andrew Tatem, University of Southampton</li> </ul> <p><u>General discussion: The way forward and recommendations</u></p>
<b>DAY 3 — Wednesday, 29 June 2016</b>	
9:30 – 10:00	<p><b>Session 11: Update on the work of the IAEG-SDG and HLG related to data disaggregation</b></p> <ol style="list-style-type: none"> <li>1. Update from the Secretariat of the the IAEG-SDGs and the High-level Group on Partnership, Coordination and Capacity Building by Ms. Francesca Perucci, UNSD</li> </ol>
10:00 – 12:30 (With a coffee break)	<p><b>Session 12 –Implications for ongoing development of data sources for SDGs</b>  The experts will break out into four working groups in which they will discuss the implications of data disaggregation needs on different data sources. The aim of the working groups is to further examine how the higher demand data disaggregation generated by the 2030 Agenda impacts data sources. The examples presented throughout the meeting can be used to highlight tools available to obtain detailed data.  <b>Chair: Mr. Tom Slaymaker, UNICEF</b></p> <ol style="list-style-type: none"> <li>1. Implications for future household surveys (Mr. Olivier Dupriez, World Bank)</li> <li>2. Implications for future censuses (Mr. Edilberto Loaiza, UNFPA and Ms. Keiko Osaki-Tomita, UNSD)</li> <li>3. Implications for development of administrative records (Mr. Niels Ploug, Statistics Denmark and Ms. Marie Haldorson, Statistics Sweden)</li> <li>4. Implications for population estimates at the disaggregated level (Mr. Patrick Gerland, UNPD)</li> </ol>
12:30 – 13:30	<i>Lunch</i>
13:30 – 15:00	<p><b>Session 12 continued – Implication for ongoing development of data sources for SDGs</b></p> <ol style="list-style-type: none"> <li>1. Reporting back from the four working groups</li> </ol> <p><u>General discussion</u></p>
15:00 – 15:30	<i>Coffee break</i>
15:30 – 16:30	<p><b>Session 13 – Building blocks and the way forward</b>  This session will summarize the main findings of the meeting as a first step in understanding the building blocks needed to be able to identify the most vulnerable populations. The development of a potential consolidated tool for the use of national statistical offices will be discussed. Recommendations and conclusions from this Expert meeting will be available as potential inputs for other bodies and Fora working on data disaggregation.  <b>Chair: Ms. Francesca Perucci, UNSD</b></p> <ul style="list-style-type: none"> <li>- Summary of ways forward</li> <li>- General discussion: Recommendations and conclusions</li> </ul>
16:30 – 17:00	<p><b>Session 14 – Closing session</b></p> <ul style="list-style-type: none"> <li>- Closing remarks – Ms. Francesca Perucci, UNSD</li> <li>- Closing remarks – Mr. Attila Hancioglu , UNICEF</li> </ul>
