

Clearinghouse for Financing Development Data ¹

Rooted in the Cape Town Global Action Plan and connected to the World Bank Global Data Facility

Analyses current and forecasted finance flows to data and statistics

Includes profiles on donors, recipient countries and projects

Contains key advocacy resources and good practices

Provides a dedicated gender data financing channel along all these elements

Includes community features to facilitate interactions, partnerships, and peer learning

Key up-coming steps

- Platform design underway
- Formal Launch: World Data Forum/October 2021
- Gradual scaling to 74 IDA countries (2021-2023)
- Decentralized country hubs

Global Survey - WB/UNSD/PARIS21

- Joint survey by the World Bank, UNSD and PARIS21, to:
 - Monitor progress along the strategic areas of the CT-GAP
 - Identify new priorities linked with the COVID-19 pandemic
 - Explore financing needs of NSOs
- Results will improve resource allocation through:
 - Better country data for the Clearinghouse for financing Dev Data
 - Inform the World Bank Global Data Facility
 - Support a review of the CT-GAP and decisions made at the UN World Data Forum
- **PLEASE BE HEARD ! Respond to the survey from next week!**
