

# Concerning the modalities for consultation on indicators:

- Green indicators: the IAEG SDG has come to the agreement that an electronic mechanism will be open during three days to observers (non-IAEG member states and representatives of regional commissions and regional and international agencies) and other stakeholders (civil society, academia and private sector) for final comments on indicators that were coded green prior to the meeting and therefore were not discussed. The inputs provided will then be considered by the IAEG-SDGs Members in their final phase of preparation of the set of indicators to be submitted to the Statistical Commission. The final decision on the number, type and formulation of the list of indicators will remain with the IAEG-SDGs Members. It is also important to remember that each IAEG-SDGs member represents the views of her or his sub-region.
- The IAEG, with the support of the Secretariat, will establish the criteria for observers to provide inputs through the online mechanism, in order to solicit comments that are most helpful to Members during their deliberations.
- Please note that the three day window takes into consideration the very strict and tight deadline the Members have for the finalization of the proposal for the Statistical Commission and also considering the substantial work that this will entail.

Note on data disaggregation:

SDG indicators should be disaggregated where relevant by **income, sex, age, race, ethnicity, migratory status, disability and geographic location, or other characteristics, in accordance with the Fundamental Principles of Official Statistics.**

# Proposal for Workplan

- 29 Oct. – 20 Nov. 2015: Consultation for IAEG Members on green indicators
- 1 Dec. – 15 Feb. 2016 : Work on grey indicators based on workplan agreed by IAEG Members for inclusion in background documents for Statistical Commission
- 29 Oct. – 20 Nov. 2015: Work stream on disaggregation: Preparation chapeau and identification of targets where particular population groups are mentioned – proposals for disaggregation of current indicators.
- 30 Nov. –7 Dec. 2015 : Draft Report circulated to IAEG Members

# Proposal for Workplan *continued*

- 7 Dec. – 16 Dec. 2015: Report for Statistical Commission is finalised for submission
- 8 December 2015: Update indicators related to climate change based on outcome of COP 21/Paris
- mid-January 2016: meeting of the High Level Group where the IAEG-SDG co-chairs will participate
- March 2016: 3<sup>rd</sup> meeting of the IAEG-SDGs
