Measuring Progress Made on Targets with 2020 Deadline: The Philippine Experience

MS. WILMA A. GUILLEN
Assistant National Statistician
Social Sector Statistics Service
Philippine Statistics Authority

7th IAEG SDGs Meeting
Vienna, Austria
9-12 April 2018
PSS Capacity to Monitor the Indicators with 2020 Deadline

Distribution of Indicators with 2020 Deadline by National Tier

- Tier 1: 1 indicator
- Tier 2: 5 indicators
- Tier 3: 14 indicators
- Not Applicable: 8 indicators

Legend:
- Tier 1
- Tier 2
- Tier 3
- Not Applicable
Measuring Indicator 3.6.1

Death rate due to road traffic injuries

**Global Definition:**
Death rate due to road traffic injuries as defined as the number of road traffic fatal injury deaths per 100,000 population.

**Concepts:**

**Numerator:**
Number of deaths due to road traffic crashes. Absolute figure indicating the number of people who die as a result of a road traffic crash.

**National Definition:**
The number of deaths caused by land transport accidents per 100,000 population [ICD-10 codes V01-V04, V06, V09-V80, V87, V89, V99]
Measuring Indicator 3.6.1

Death rate due to road traffic injuries

Method of Collection:
Vital Statistics Report (CRVS)

Method of Computation:
(Number of deaths caused by land transport accidents / population) x 100,000
**Republic of the Philippines**

**Preliminary submissions as of March 1, 2018**

Measuring Indicator 8.6.1

Proportion of youth (aged 15-24) not in education, employment or training

Definition (Global & National Definition are consistent): The proportion of youth (aged 15-24 years) not in education, employment or training, also known as "the NEET rate"

Youth not in education are those not enrolled in formal or non-formal education.
Measuring Indicator 8.6.1
Proportion of youth (aged 15-24) not in education, employment or training

Youth not in employment are those without work & currently available for work & seeking work, or not seeking work due to the following reasons: (a) tired/believe no work available; (b) awaiting results of previous job application; (c) temporary illness/disability; (d) bad weather; and (e) waiting for rehire/job recall.

Youth not in training are those who are not in vocational and technical training.
Measuring Indicator 8.6.1

Proportion of youth (aged 15-24) not in education, employment or training

Method of collection: LABOR FORCE SURVEY (LFS)

Questions in LFS:

Education

Is _____ currently attending school? (1- Yes 2- No)

Training

Is ___ currently attending non-formal training for skills development? (1- Yes 2- No)
Measuring Indicator 8.6.1
Proportion of youth (aged 15-24) not in education, employment or training

Method of collection: LABOR FORCE SURVEY (LFS)

Questions in LFS:

1) Did ____ do any work for at least one hour during the past week? (1- Yes  2- No)
2) Although, _____ did not work, did ____ have a job or business during the past week? ( 1- Yes  2- No)
3) Did ____ look for work or try to establish business during the past week? ( 1- Yes  2- No)
4) Did ____ Had opportunity for work existed last week or within two week, would ___ been available? ( 1- Yes  2- No)
5) Why did ____ not looking for work?
Measuring Indicator 8.6.1

Proportion of youth (aged 15-24) not in education, employment or training

Method of computation:

NEET rate = (Total Number of Youth – Total Number of Youth in employment – Total Number of Youth not in employment but in education or training) / Total number of Youth *100)
Preliminary submissions as of March 1, 2018

**Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all**

**Target 8.6** By 2020, substantially reduce the proportion of youth not in employment, education or training

**8.6.1** Proportion of youth (aged 15-24 years) not in education, employment or training

| Proportion of youth (aged 15-24 years) not in education, employment or training | 22.1 | 2016 | Labor Force Survey, PSA |
Measuring Indicator 17.18.3

Number of countries with a national statistical plan that is fully funded and under implementation, by source of funding

Global Definition: The indicator Number of countries with a national statistical plan that is fully funded and under implementation is based on the annual Status Report on National Strategies for the Development of Statistics (NSDS).

National Definition: 1 if the country satisfies the requirement of the indicator, 0 otherwise
Measuring Indicator 17.18.3

Number of countries with a national statistical plan that is fully funded and under implementation, by source of funding

To present structural and organizational changes in the statistical system

To reflect updates and revisions at the international statistical level in the Philippine Statistical System

To address the data requirements to monitor the PDP and other sectoral plans and regional plans

To incorporate new and emerging statistical innovations and concerns in the PSS
Philippine Statistical Development Program 2018-2023
For approval of the Philippine Statistics Authority Board on 8 May 2018
