

Plenary session

8th Meeting of the Inter-agency and Expert Group on Sustainable Development Goal Indicators (IAEG-SDGs)

Agenda Item 4. Presentation of outcome of tier reclassification based on data availability (Tier I and Tier II indicators)

6-8 November 2018

Stockholm, Sweden

Recommended to change from Tier I to Tier II

Indicator	Data/population coverage issue
5.b.1 Proportion of individuals who own a mobile telephone, by sex	Insufficient coverage for all regions except LAC.
11.5.2 Direct economic loss in relation to global GDP, damage to critical infrastructure and number of disruptions to basic services, attributed to disasters	No country or population coverage for North America. Below criteria for country coverage for Europe and below criteria for population coverage for Europe and Asia Pacific.

Tier II indicators that meet criteria for Tier I

Indicator

2.a.1 The agriculture orientation index for government expenditures

3.3.1 Number of new HIV infections per 1,000 uninfected population, by sex, age and key populations

3.3.4 Hepatitis B incidence per 100,000 population

3.7.2 Adolescent birth rate (aged 10–14 years; aged 15–19 years) per 1,000 women in that age group

3.8.1 Coverage of essential health services (defined as the average coverage of essential services based on tracer interventions that include reproductive, maternal, newborn and child health, infectious diseases, non-communicable diseases and service capacity and access, among the general and the most disadvantaged population)

Tier II indicators that meet criteria for Tier I

Indicator

3.8.2 Proportion of population with large household expenditures on health as a share of total household expenditure or income

3.b.1 Proportion of the target population covered by all vaccines included in their national programme

6.5.2 Proportion of transboundary basin area with an operational arrangement for water cooperation

6.6.1 Change in the extent of water-related ecosystems over time

- These updates will shortly be reflected in an updated tier classification document and found at the following link:
