2020 VIRTUAL
United Nations
WORLD DATA FORUM
19–21 OCTOBER

2020 Virtual United Nations World Data Forum

A virtual Forum taking place from Monday, 19 to Wednesday, 21 October 2020* to satisfy demand for the latest data solutions and thinking to support the 2030 Agenda for Sustainable Development and now more urgently for the monitoring and recovery from COVID-19. *In anticipation of the live event, pre-recorded sessions (distinct from the live sessions) will be made available starting 12th October 2020.

VIRTUAL UNWDF OUTCOME STATEMENT

Global Data Community's response to COVID-19 – "Data for a changing World"

Increased support for data use during COVID-19 and the recovery

Progress on initiatives and solutions to harness the power of data for the public good and to get back on track to implement the 2030 Agenda to leave no one behind

Growing consensus on strategies to address trust in data, privacy and governance.

DATA STEWARDSHIP

- Background paper being prepared for 52nd session of the UN Stat Comm

- Paper is informed by numerous case studies collected over the summer

- A work programme on this area will be established based on UN Stat Comm decision

THANK YOU
