SDG Global Database gives you access to data on more than 210 SDG indicators for countries across the globe

by indicator, country, region or time period

Select indicators and country or area

Global Database Country Profile SDG Analytics Advanced Access

New and user-friendly interface to the Global Sustainable Development Goal Indicators Database

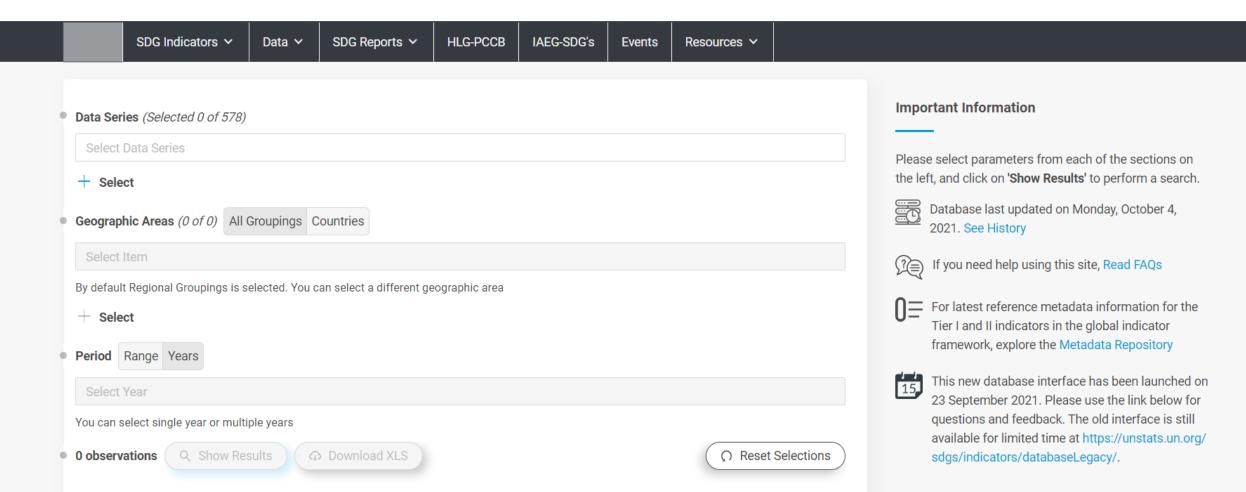

United Nations > Department of Economic and Social Affairs > Statistics Division

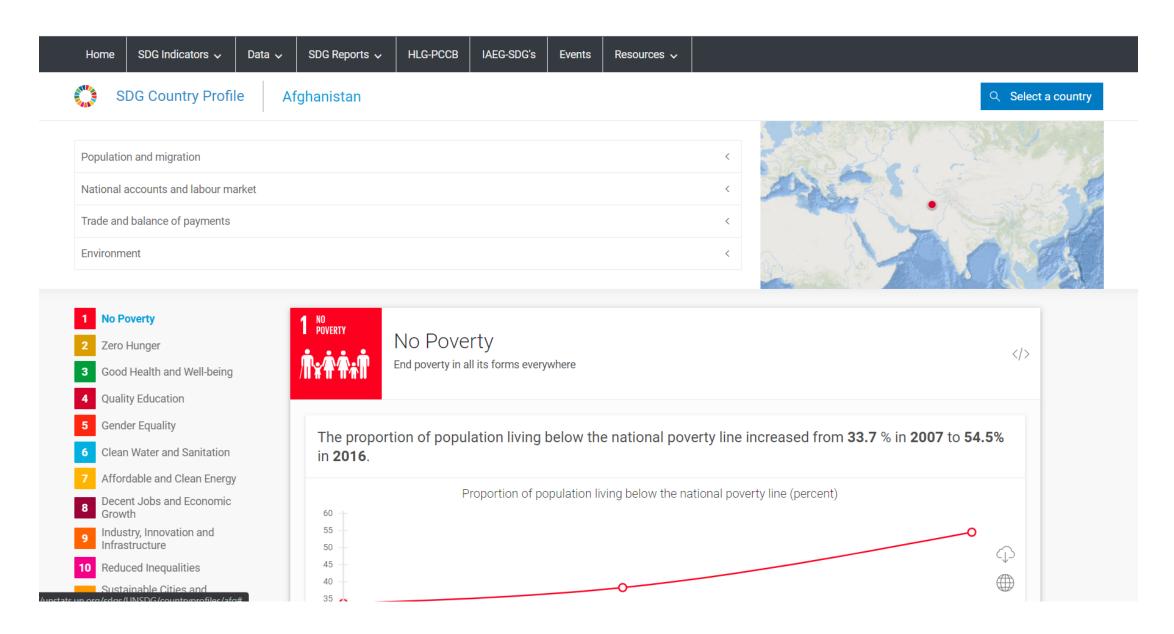

Department of Economic and Social Affairs

Statistics • SDG Indicators Database

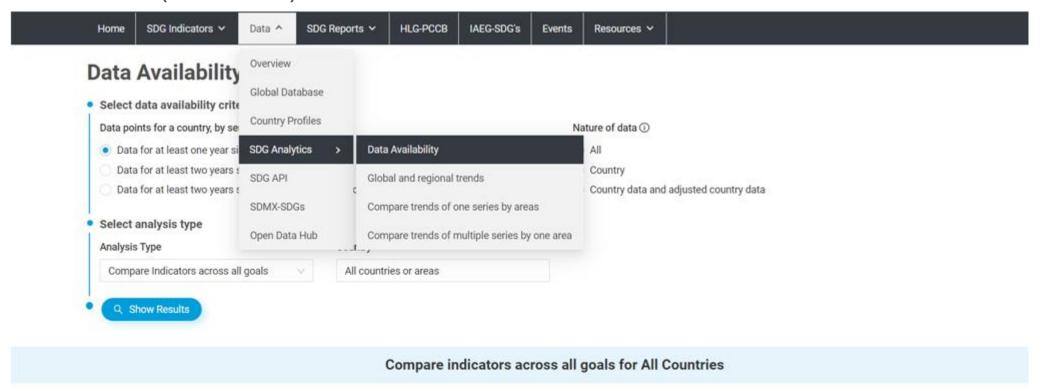

Access to the SDG Country Profiles

The entirely new SDG Analytics allows the interactive analysis of data availability, to review global and regional trends for individual indicators (data series) and to compare trends for countries and areas and for different indicators (data series).

Countries with data for at least one year since 2015, by goal and indicator (average across countries in percent)

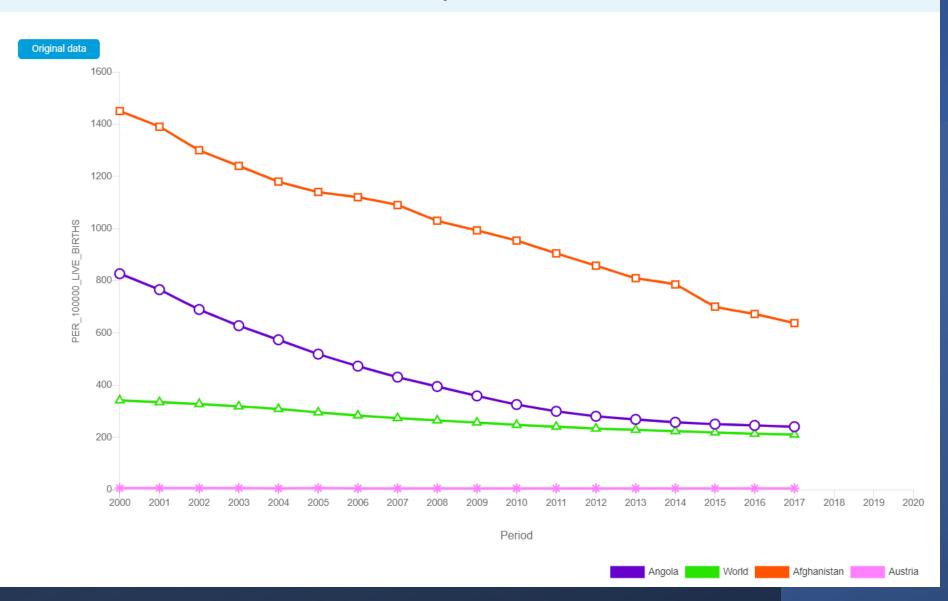

Compare indicators across all goals for All Countries

Countries with data for at least one year since 2015, by goal and indicator (average across countries in percent)
