Using Mobile Application for SDGs Dissemination

Mohammad Khalaf

Director of SDGs Unit

Department of Statistics / Jordan

# SDGs Dissemination in /Jordan

- SDGs indicators are disseminated using SDGs Jordan portal. jdp.dos.gov.jo
- The portal facilitates the SDGs indicators update by the SDGs unit, partners inside DoS, and partners from governmental and non-governmental organizations.
- The portal facilitates the download of reports about the SDGs upon request.
- The portal facilitates the publication of Metadata.

Mechanism of Work and Update

- Mobile application is directly connected to Jordan Development Portal with automatic update.
- It is available on android and OS systems
- Mobile application provides the description of the goals and indicators, the data presented through dynamic graphs

Mobile version in English
