

Agenda Item 4. Data availability review/ tier classification updates

15th Meeting of the IAEG-SDGs
Plenary Meeting
22 October 2024, Oslo, Norway

 **SUSTAINABLE
DEVELOPMENT** **GOALS**

Tier Classification Criteria/Definitions:

Tier I: Indicator is conceptually clear, has an internationally established methodology and standards are available, and data are regularly produced by countries for at least 50 per cent of countries and of the population in every region **where the indicator is relevant**.

Tier II: Indicator is conceptually clear, has an internationally established methodology and standards are available, but data are not regularly produced by countries.

Tier II indicators that meet criteria and are approved for Tier I upgrade (3 unique indicators)

Indicator	Reason for flagging	Countries available	Recommendation
6.3.2 Proportion of bodies of water with good ambient water quality	criteria not met for all regions but >50% country and >75% population coverage	123 out of 193	upgrade to Tier I
10.1.1 Growth rates of household expenditure or income per capita among the bottom 40 per cent of the population and the total population	Good coverage at the indicator level	123 out of 193	upgrade to Tier I
17.18.1 Statistical capacity indicators	Good coverage at the indicator level	192 out of 193	upgrade to Tier I

Tier II indicator that meet criteria and are pending approval for Tier I upgrade (1 unique indicator)

Indicator	Reason for flagging	Countries available	Recommendation
17.5.1 Number of countries that adopt and implement investment promotion regimes for developing countries, including the least developed countries	Good coverage at the indicator level, however, some are estimated data	178 out of 193	Need further clarification from agency on proportion of country and estimated data

Data status update for indicators missing in the framework

Of the 231 unique indicators in the global SDG framework:

✓ 229 have data (*as of the last database update on 28 September 2024*)

2 unique indicators are missing data (*down from 5 unique indicators last year*)

- 2 indicators with responses from custodian agencies

**See next
slide**

Data status update for indicators missing data in the framework (2 indicators)

Indicator name	Custodian Agency(ies)	Data status update provided by custodian agencies
5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence	UNICEF, UN Women, UNFPA, WHO, UNODC	<p>2024: In the first half of 2025, WHO, on behalf of the co-custodians of SDG 5.2.2 will be publishing global, regional and country-level prevalence estimates.</p> <p>2023: WHO and other co-custodians of this indicator have done a significant amount of work and will be reporting on this indicator in 2024.</p>
11.3.2 Proportion of cities with a direct participation structure of civil society in urban planning and management that operate regularly and democratically	UN-Habitat	<p>2024: Plans to report on progress in 100 countries in 2024. No data has been submitted yet.</p> <p>2023: Compiling new data from countries and recently launched a new platform for collecting data from city partners directly which will provide an improved global and regional coverage of the data for cities and countries for SDG indicator 11.3.2.</p>

****IAEG-SDG requests clarification from agencies on actual timeline for data provision; otherwise, they are to be considered for deletion based on the 2025 Comprehensive Review criteria.****
