## Goal 1: End poverty in all its forms everywhere

In signing Agenda 2030, governments around the world committed to ending poverty in all its manifestations, including its most extreme forms, over the next 15 years. They resolved that all people, everywhere, should enjoy a basic standard of living. This includes social protection benefits for the poor and most vulnerable and ensuring that people harmed by conflict and natural hazards receive adequate support, including access to basic services.

Poverty was halved over a decade, but one in eight people around the world still lived in extreme poverty in 2012

The international poverty line is currently defined as \$1.90 per person per day using 2011 purchasing power parity. In the decade from 2002 to 2012, the proportion of the global population living below the poverty line dropped by half, from 26 to 13 per cent. If economic growth rates observed during those 10 years prevail for the next 15, the global rate for extreme poverty will likely fall to 4 per cent by 2030, assuming that growth benefits all income groups equally. Poverty remains widespread in sub-Saharan Africa, where more than 40 per cent of people lived on less than \$1.90 a day in 2012.

Proportion of population living below \$1.9 a day, 2002 and 2012 (percentage)

#### Goal 1. End poverty in all its forms everywhere

Target 1.1: By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day

- [Indicator 1.1.1](#): Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural) [See metadata](#)

Target 1.3: Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable

- [Indicator 1.3.1](#): Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable [See metadata](#)

#### Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Target 2.1: By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round

- [Indicator 2.1.1](#): Prevalence of undernourishment [See metadata](#)
- [Indicator 2.1.2](#): Prevalence of moderate or severe food insecurity in the population, based on the Food Insecurity Experience Scale (FIES) [See metadata](#)

Target 2.5: By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed

- [Indicator 2.5.2](#): Proportion of local breeds classified as being at risk, not-at-risk or at unknown level of risk of extinction [See metadata](#)

Target 2.c: Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility

- [Indicator 2.c.1](#): Indicator of food price anomalies [See metadata](#)
