

# **10<sup>th</sup> Tranche Development Account Programme on Statistics and Data (DA10)**

## **Objective:**

To strengthen the statistical capacity of developing countries to measure, monitor and report on the sustainable development goals in an accurate, reliable and timely manner for evidence-based policymaking

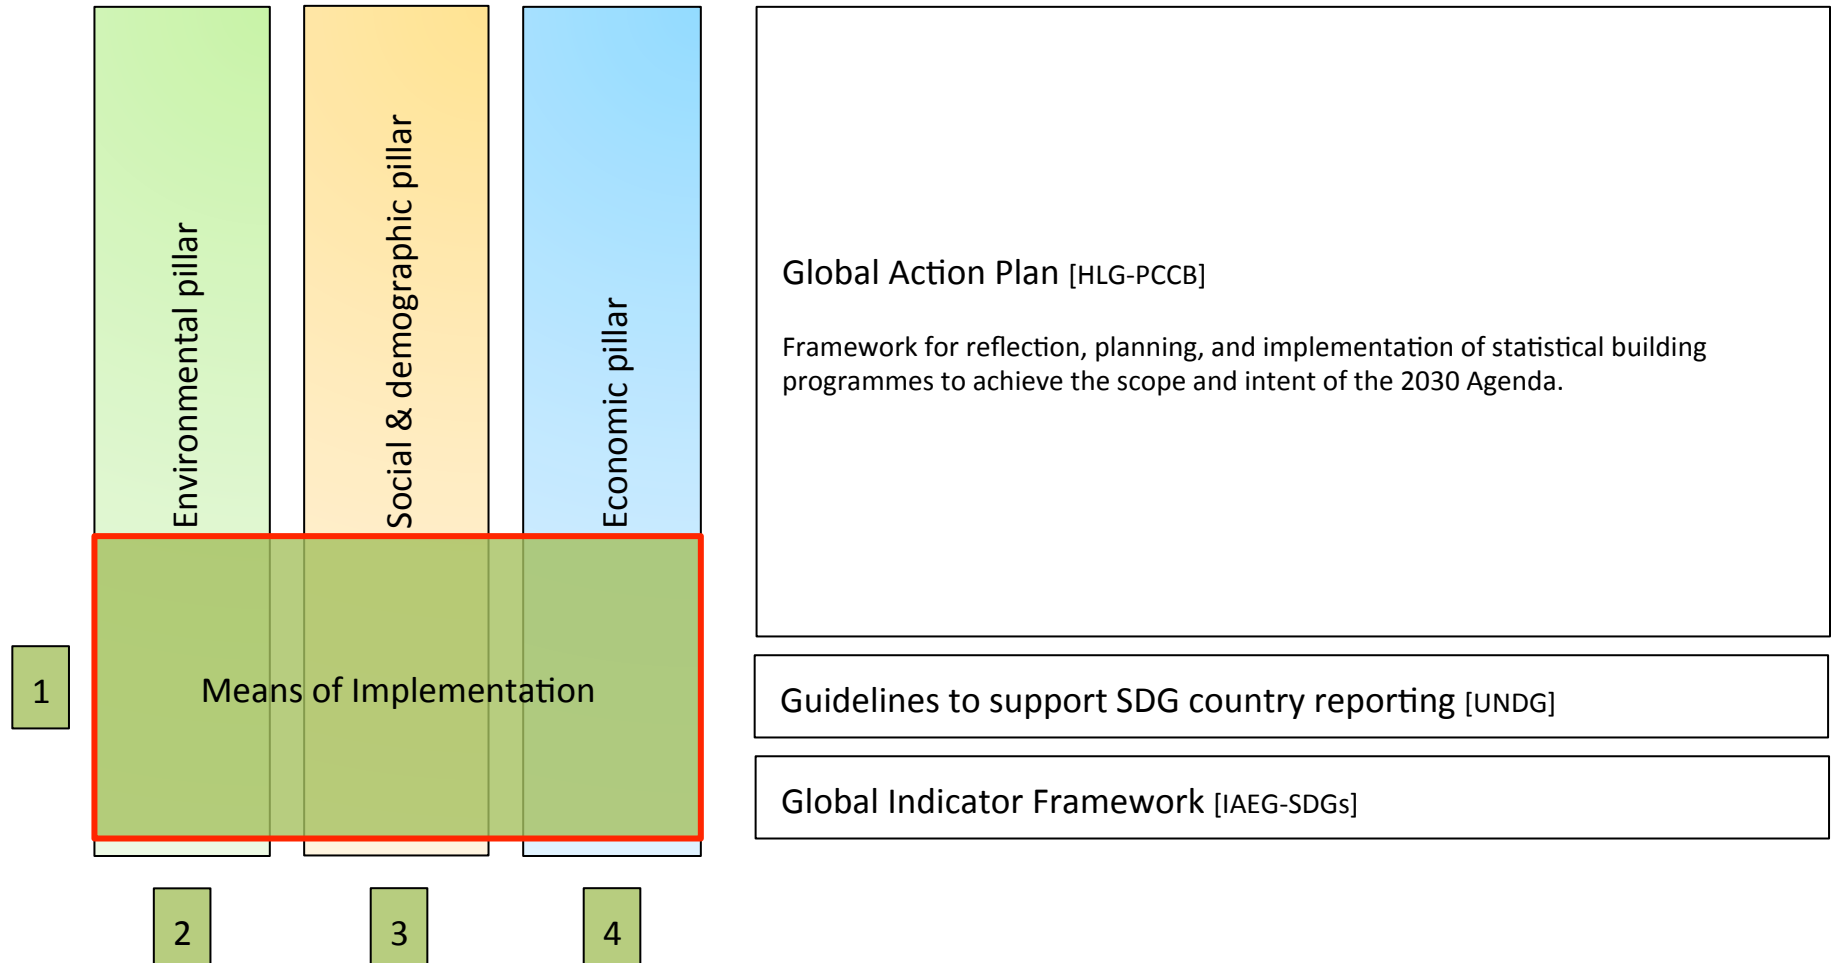

## **Principles:**

- Adapt to the needs of the countries and the evolving agenda
- Build on comparative advantages of the Development Account implementing entities
- Build on existing initiatives and programmes (coordination)
- Encourage external participation and funding (partnership)

## DA10: Implementing Entities

<b>Global Entities</b>	<b>Regional Entities</b>
<p><b>UNSD (DESA)</b> UN Statistics Division</p> <p><b>UNCTAD</b> UN Conference on Trade and Development</p> <p><b>UNEP</b> UN Environmental Programme</p> <p><b>UN-Habitat</b> UN Human Settlements Programme</p> <p><b>UNODC</b> UN Office on Drugs and Crime</p>	<p><b>ECA</b> UN Economic Commission for Africa</p> <p><b>ECE</b> UN Economic Commission for Europe</p> <p><b>ECLAC</b> UN Economic Commission for Latin America and the Caribbean</p> <p><b>ESCAP</b> UN Economic and Social Commission for Asia and the Pacific</p> <p><b>ESCWA</b> UN Economic and Social Commission for Western Asia</p>

# DA10 and the Global Context

# DA10: activities and deliveries

- Regional, sub-regional and national workshops / seminars / trainings
- Expert group / technical group meetings
- Advisory services / country missions
- Guidelines / methodology / tools
- Training material / e-learning / case studies / best practices

## DA10: budget and timeframe

- USD 10M
- Sept 2017 – Dec 2019
- Subsequent tranches of DA could complement or extend the DA10

## **DA10: Structured around 4 Pillars**

### **Pillar 1: Means of implementation**

- Cross-cutting pillar aiming at enhancing capacity of developing countries to strengthen statistical institutional environments and production processes across multiple statistical domains (integration)

### **Pillar 2 – 4: Statistical domains**

- Sectoral pillars aiming at strengthening capacity in developing countries to measure and monitor sustainable development goal indicators in environment [2], social and demographic [3], and economic [4] statistics areas
- The social and demographic pillar [3] is subdivided in 4 components: population and demographic statistics; gender statistics; poverty and inequality statistics; and peaceful and inclusive society statistics
