

# International Workshop on Data Disaggregation for the SDGs

28-30 January 2019, Bangkok, Thailand

## Tentative Agenda

### Monday, 28 January

- Registration of participants (8:30 am -9:00am)

#### 1. *Opening session (9:00 am – 9:30:00 am)* [Chair: UNSD]

- Introduction, remarks and objective of the workshop
  - UNSD
  - UN-ESCAP
  - Introduction of the participants

#### 2. *Data disaggregation for SDGs (9:30am – 10:45)* [Chair: UN-Women]

- Data disaggregation and the global SDG Indicator framework [UNSD]
  - Leaving no one behind -- identifying vulnerable groups and policy priorities
  - Dimensions of disaggregation as identified by the IAEG-SDGs in their workstream on data disaggregation.
- Case studies and national experiences in producing disaggregated data
  - Cambodia
  - Ethiopia
  - Turkmenistan
  - UK
- Discussions and lessons learned

*Coffee break*

#### 3. *Inclusive policy demands and data integration (11:00am – 12:30pm)* [Chair: UNICEF]

- A Human rights-based approach to data [OHCHR]
- EPIC tool for data disaggregation: A tool for policy-data integration [ESCAP]
- Case studies and experience sharing in national monitoring
  - Samoa
  - Philippines
- Discussions and lessons learned

*Lunch*

#### 4. *Exercise session on linking policy demands and data (1:45pm - 3:15pm)* [Chair: UN-ESCAP]

- Group exercise [facilitation by international agencies]
- Sharing results and open discussion

*Coffee break*

**5. Integrating administrative data sources (3:30pm - 5:00pm) [Chair: Ghana]**

- Use of administrative sources for producing disaggregated data [UNSD]
- Case studies and country examples of use of administrative sources for producing disaggregated data
  - Korea
  - Rwanda
- Discussions and lessons learned

**Tuesday, 29 January**

**6. Using census and household survey data (9:00am –10:30) [Chair: Philippines]**

- Presentation on using census for producing disaggregated data [UNSD]
- Presentation on using household survey data for producing disaggregated data [UNICEF]
- Case studies and country examples
  - Mexico
  - Ghana
- Discussions and lessons learned

*Coffee break*

**7. Small Area Estimation method and big data for data disaggregation (10:45pm - 12:30pm) [Chair: ADB]**

- Small Area Estimation method [ADB]
- Small Area Estimation method and big data for data disaggregation [World data lab – remote]
- Case studies and country examples
  - Thailand
  - Philippines
  - Indonesia
- Discussions and lessons learned

*Lunch*

**8. Gender Equality and multiple deprivation Assessment (1:30pm – 3:00pm) [Chair: UN-Women]**

- Gender data and multi-level disaggregation: an LNOB perspective to SDG monitoring [UN-Women]
- Case studies and country examples
  - Uganda: user engagement to inform the production of gender-related SDG data
  - Bangladesh: an integrated approach to producing and using gender statistics for SDG monitoring.
  - Viet Nam: Localizing indicators and producing data to monitor the SDGs from a gender equality perspective
- Discussions and lessons learned

*Coffee break*

**9. Exercise session (3:15pm - 5:00pm) [Chair: UN-Women]**

- Group exercise: Limitations and possibilities of survey data use for SDG monitoring from a gender equality perspective [facilitation by international agencies]
- Sharing results and open discussion

**Wednesday, 30 January**

**10. Health Equity Assessment (9:00am - 10:15am) [Chair: WHO]**

- Information presentation [WHO]
- Case studies and country examples
  - Uganda
  - Indonesia
- Discussions and lessons learned

*Coffee break*

**11. Education Equity Assessment (10:30pm – 12:00pm) [chair: UNESCO]**

- Information presentation [UNESCO]
- Case studies and country examples
  - Rwanda
  - Nepal
  - Philippines
- Discussions and lessons learned

*Lunch*

**12. Exercise session (1:00 pm - 2:30pm)**

- Two parallel group exercises: one on health equity assessment and one on education equity assessment [facilitation by international agencies]
- Sharing results and open discussion

*Coffee break*

**13. Summary Session (2:45pm – 4:00pm) [chair: UNSD]**

- Data disaggregation and VNRs [UNSD]
- Data disaggregation tools and guidelines [Round table]
- Outline of the training material/guidelines [ADB]
- The way forward [Round table]

**14. Closing (4:00pm - 5:00pm)**
