

# MONITORING OF SDGs INDICATORS IN THE RUSSIAN FEDERATION

Natalia Ignatova  
Federal State Statistics Service (Rosstat)

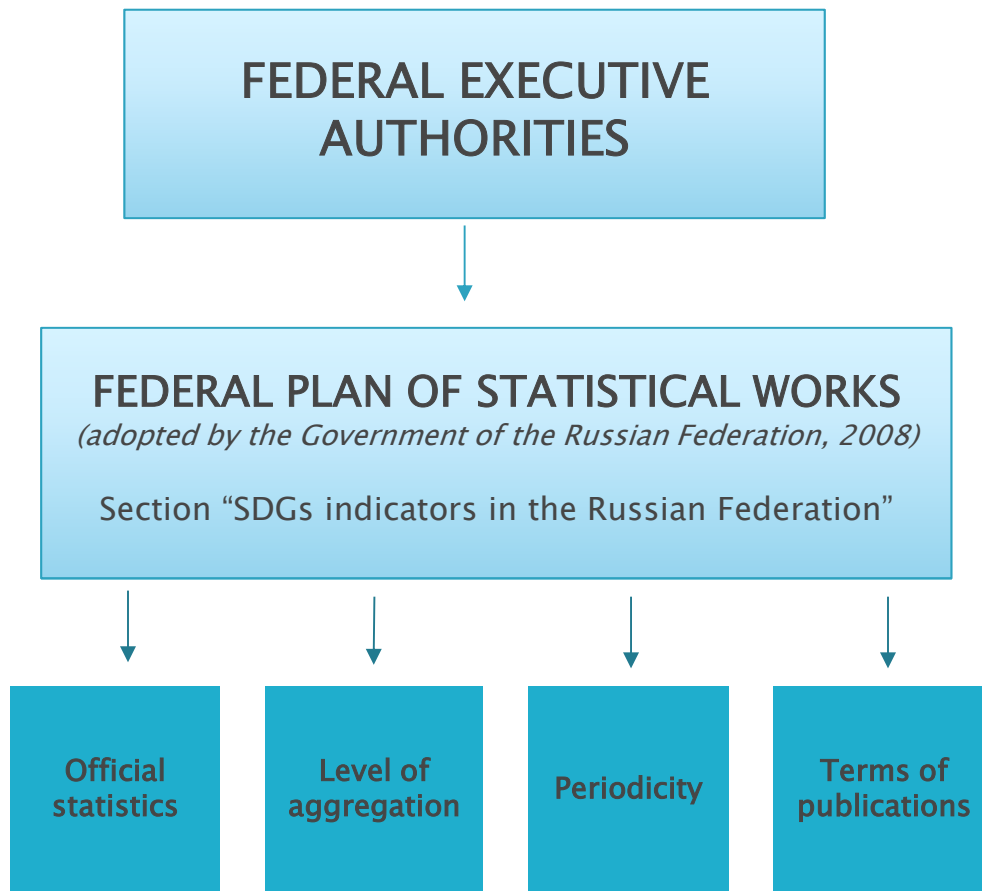

International Workshop on Sustainable  
Development Goals Indicators  
Beijing, China, 26-28 June 2018

# Coordination mechanism

# Data collection mechanism

✓ **Rosstat** is authorized to coordinate the activities of the federal authorities on the collection and submission of official statistical information on SDG indicators to the international organizations

✓ **Federal plan of statistical works (Federal plan)** determines the order of the submission of official statistical information on SDG indicators to the international organizations

✓ **Section 2.8 "SDGs indicators in the Russian Federation"** is included in Federal plan of statistical works (Federal plan)

90 SDGs indicators are included in the Federal plan

- 54 indicators (60%) – Rosstat
- 36 indicators (40%) – other federal authorities

# Reporting Status of indicators

90 SDGs indicators are included in Federal plan

Active status of Federal executive authorities

- Data are available – 61 indicators
- Proxy are available – 14 indicators
- Data will be available in 2018–2020 – 15 indicators

Federal authority	Indicators
Federal State Statistics Service (Rosstat)	54
Ministry of Finance	8
Ministry of Natural Resources and Environment	6
Bank of Russia	4
Federal Treasury	3
Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing	3
Ministry of Telecom and Mass Communications	2
Ministry of Agriculture	2
Ministry of Economic Development	2
Federal Agency for Water Resources	2
Federal Agency for Fishery	2
Ministry of Health	2
Ministry of Energy	1
Federal Agency for Air transport	1
Federal Forestry Agency	1
Federal Service for State Registration, Cadaster and Cartography	1
Federal Agency for Scientific Organizations	1
Federal Service for Hydrometeorology and Environmental Monitoring	1
Federal Service for Supervision of Natural Resources	1

# SDG indicators availability by goals

# Data availability for sustainable development goals

# Rosstat's sources of information for SDG indicators

- Estimated value – 28 indicators
- Household budget sample survey – 5 indicators
- Comprehensive Survey of Living Conditions of Population – 5 indicators
- Sample Survey of Diet – 4 indicators
- Labour Force Sample Survey – 4 indicators
- Sample survey of information and communication technologies – 3 indicators
- Non-statistical indicators – 2 indicators
- Reporting Data on Research and Experimental Development and national accounts – 2 indicators
- Reporting data on wages of employees by profession and position – 2 indicators
- Selective supervision of use of daily fund of time by the population – 1 indicator

# SDMX and data flows

- ✓ The Roadmap for the implementation of SDMX in the Russian Federation (2018–2020) was developed jointly with several Russian ministries and approved by the Government of the Russian Federation
- ✓ Interdepartmental working group on implementation of SDMX in Russia, led by Rosstat
- ✓ Digital analytical platform for providing statistical, administrative data and reference data (Program "Digital Economy of the Russian Federation", 2018–2024), led by Rosstat

# International Pilot projects on data flows

## *2017 year (June–September)*

### *UNECE Data Flow Pilot Study:*

- ✓ 11 indicators
- ✓ 5 international organizations (FAO, IMF, OECD, UN Environment, UNODC)
- ✓ 5 countries (France, *Russia*, Turkey, United States, United Kingdom)

### *Russian Federal Authorities participated:*

- *Rosstat*
- *Ministry of Health*
- *Federal Service for State Registration, Cadastre and Cartography*
- *Ministry of Natural Resources and Environment*
- *Federal Treasury*
- *Prosecutor General's Office*

## *2017 year (June–September)*

*The purpose* is to consider different ways to transfer data on SDGs indicators from the national to the regional/global level.

*Participants* – international organizations (custodian agencies) in consultation with countries.

### *IAEG–SDGs Case Studies on Data Flows:*

- ✓ 7 indicators
- ✓ 7 international organizations
- ✓ 16 countries

### *Russian Federal Authorities participated:*

- *Rosstat*

## *2018 year (June–December)*

- SDG–SDMX Working Group Pilot SDG Data Exchange (IAEG–SDGs)
- UNECE Data Flow Pilot

# Draft National set of the SDGs indicators

Initially prepared by Rosstat  
includes 380 indicators

## 7 workflows:

- ▶ Poverty and inequality
- ▶ Health
- ▶ Education
- ▶ Agriculture & ecology
- ▶ Industry, energy and labor
- ▶ Cities and communities
- ▶ Institutional development

# Draft National set of the SDGs indicators

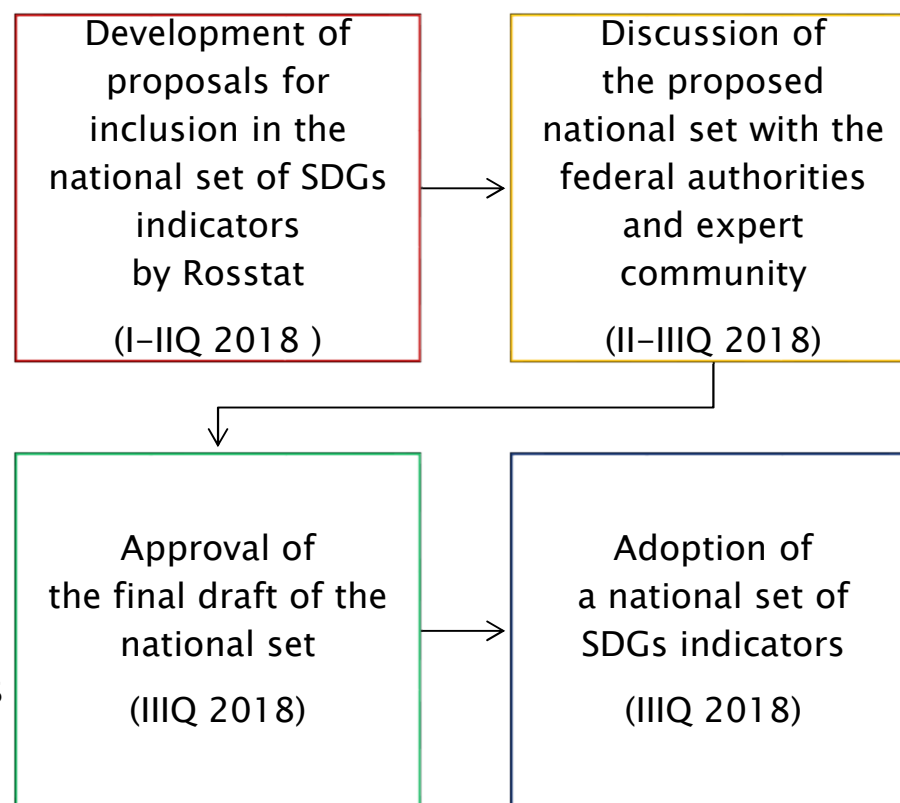

Decree of the President of the Russian Federation of May 7, 2018

«On the national goals and strategic objectives development of the Russian Federation for the period up to 2024»

12 areas:

- demography
- healthcare
- education
- housing and urban environment
- environment
- safe and high-quality motorways
- labour productivity and employment support
- research
- digital economy
- culture
- small and medium-sized businesses and support for individual entrepreneurs
- international cooperation and exports

# Inter–agency and Expert Group on SDGs Indicators (IAEG–SDGs)

National statistical offices have a leading role in the development  
of a table of indicators to ensure national ownership  
*(UN state Commission 46/101)*

- 28 representatives of NSO
- Russia is a member of IAEG–SDGs
- Represents countries of Eastern Europe
- Russia is a member of working group IAEG–SDGs on SDMX

# CES Steering Group on Statistics for SDGs

## CES Road Map on statistics for SDGs

- Developed by the CES Steering Group on statistics for SDGs
  - Switzerland (co-chair), United States (co-chair), Canada, Denmark, France, Germany, Italy, Kyrgyzstan, Mexico, the Netherlands, New Zealand, Poland, Republic of Moldova, **Russian Federation**, Sweden, Turkey, United Kingdom, Eurostat, OECD and UNECE
- Guidance to NSOs on producing statistics for SDGs
  - What needs to be done
  - Who is to do what and when
  - Who are the stakeholders
  - Opportunities for collaboration
- Explains issues related to statistics for SDGs, and the role of official statistics
- CES approved in June 2017
- Published in November 2017
- Translated into Russian, French and Spanish
- 6 sections, each section contains recommendations to NSOs and actions for Steering Group
- 15 case studies
- To be updated to take into account new developments and experience acquired with statistics for SDGs

## Statistics for SDGs Home

Created by Chris Jones, last modified by Jennifer Park on 14 May, 2018

### Welcome to the **Statistics for SDGs** Wiki!

This Wiki is maintained by the Conference of European Statisticians' Steering Group on Statistics for SDGs. It provides links to materials that become available during the Steering Group's work and that can be useful for countries and organization in the work related to statistics for SDGs.

### Organization of the CES Steering Group on SDGs

Information regarding Steering Group and Task Group activities can be found on the UNECE public wiki links below. For questions or additional information, please contact [jennifer.park@un.org](mailto:jennifer.park@un.org)

#### The Steering Group

#### Task Groups

- Task Force on National Reporting Platforms
- Task Team on Data Flows
- Task Group on Capacity Development
- Task Group on Communication

Steering Group and Task Group members collaborate... additional information, please contact [jennifer.park@un.org](mailto:jennifer.park@un.org)

#### Principal Products

- ★ CES Road Map on Statistics for SDGs - Final
- Self-assessment template for countries on availability of data
- Generic Road Map PPT for national customization
- Brief Narrative on CES Road Map (November 2017)
- Pilot Study on Data Flows (October 2017) Draft
- Reports of the Task Force on National Reporting Platforms

## You are welcome to participate in UNECE Steering Group case studies on NRP, capacity development and communication on SDG.

# Workplan for 2018

- Preparation of the Action Plan («Roadmap») for improving the official statistical accounting of the Russian Federation, aimed at the formation of official statistics on SDGs indicators
- Actualization of the Section 2.8 «SDGs indicators in the Russian Federation» of Federal plan of statistical works (Federal plan) taking into account the reclassification of the SDGs indicators
- Adoption of the National set of SDGs indicators
- Realization of the Roadmap for the SDMX in the period 2018–2020
- Informational statistical pocketbook "Russia' 2018", including a section on SDGs
- Statistical publication on the achievement of sustainable development goals in the Russian Federation

# Thank you for your attention!
