

# From Collection to Use: Data and Agenda 2030

September 2017

# Expectation

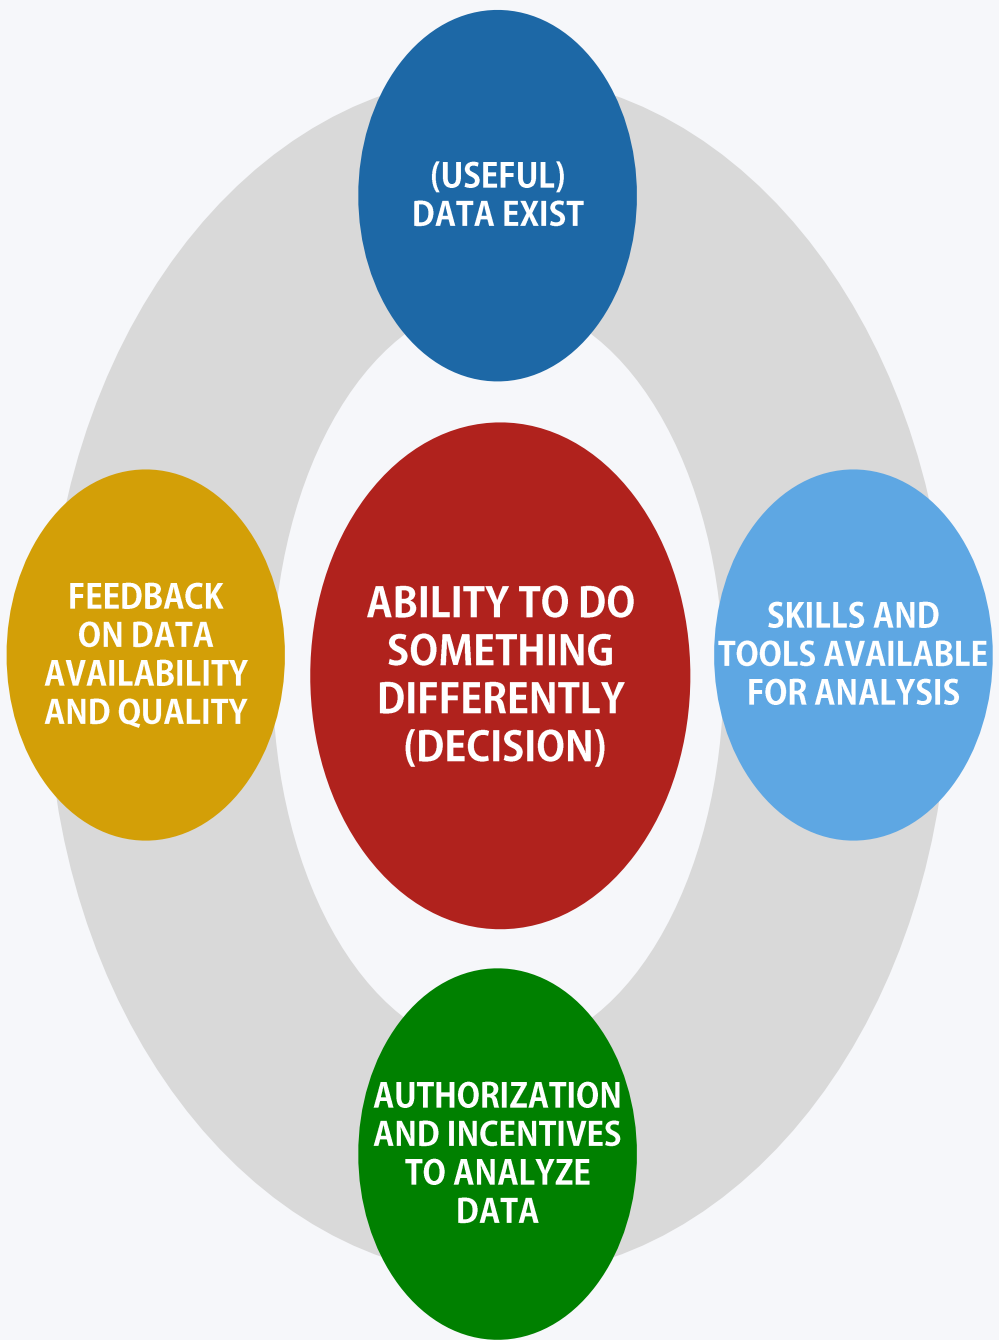

# Reality

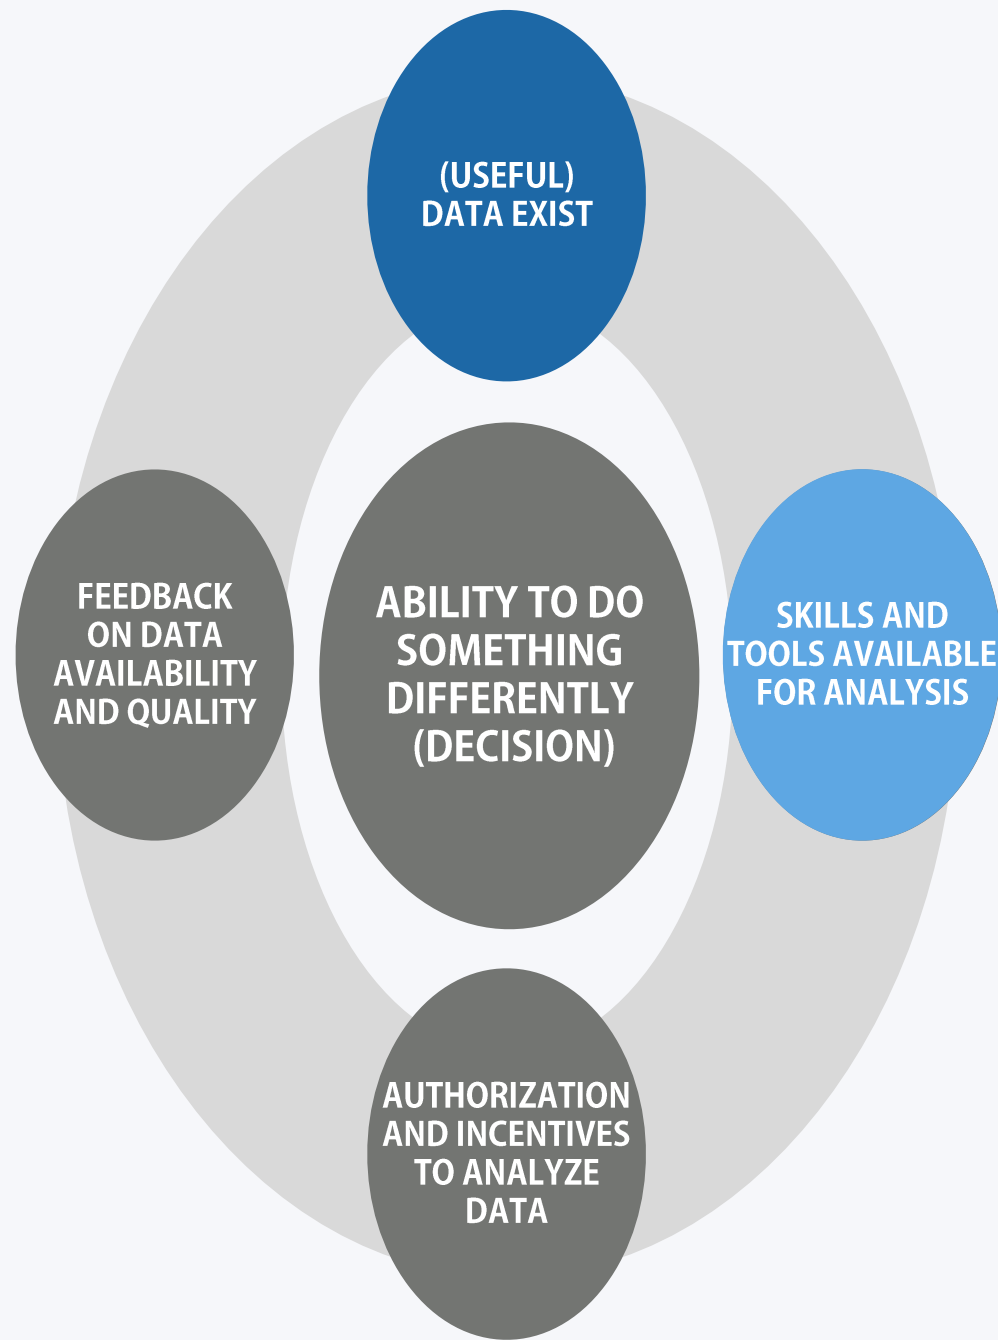

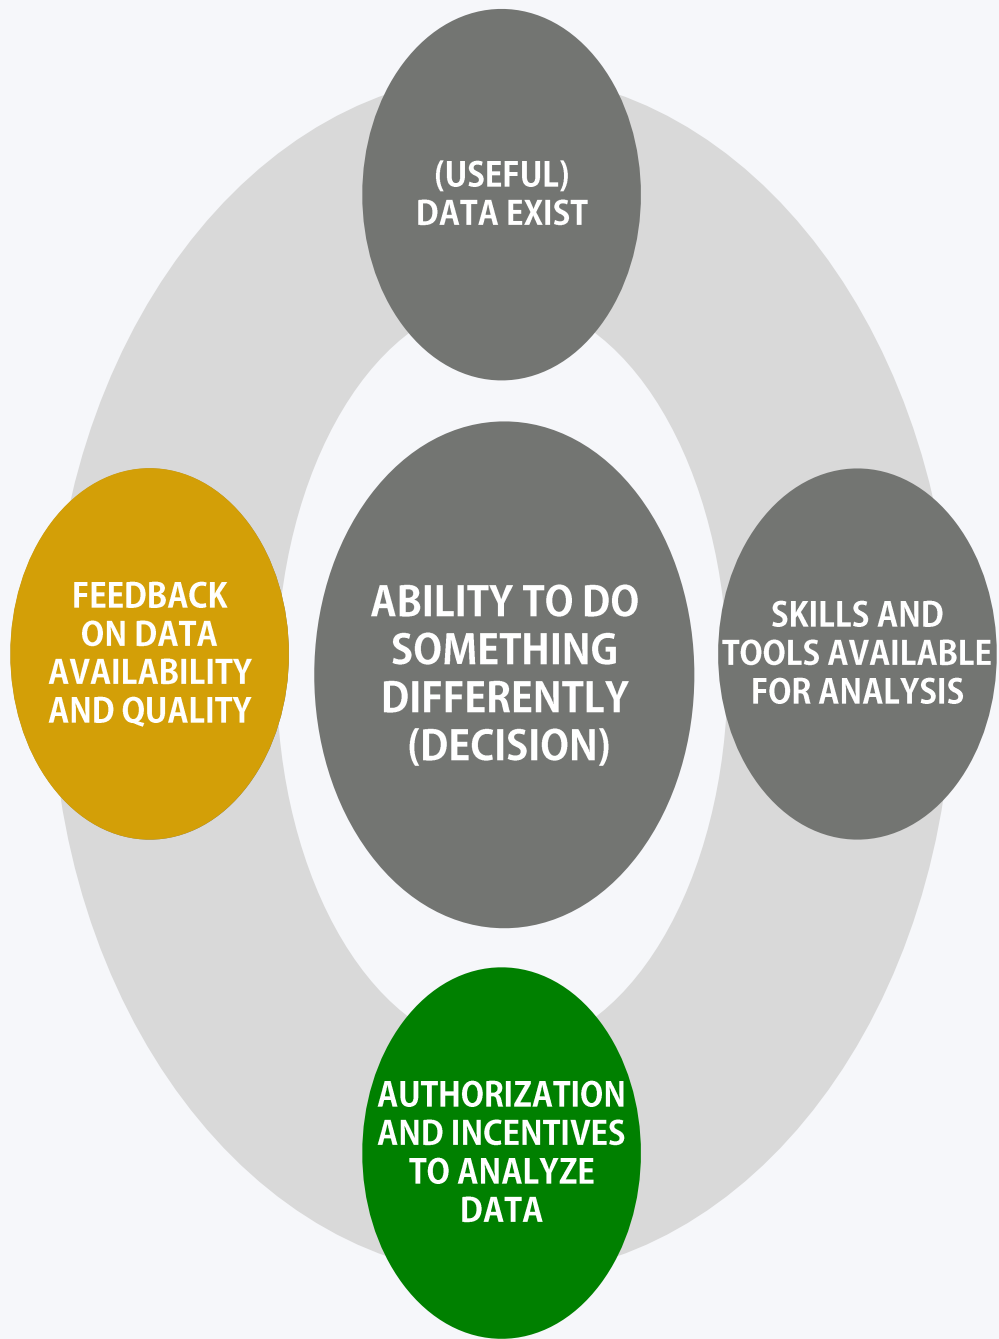

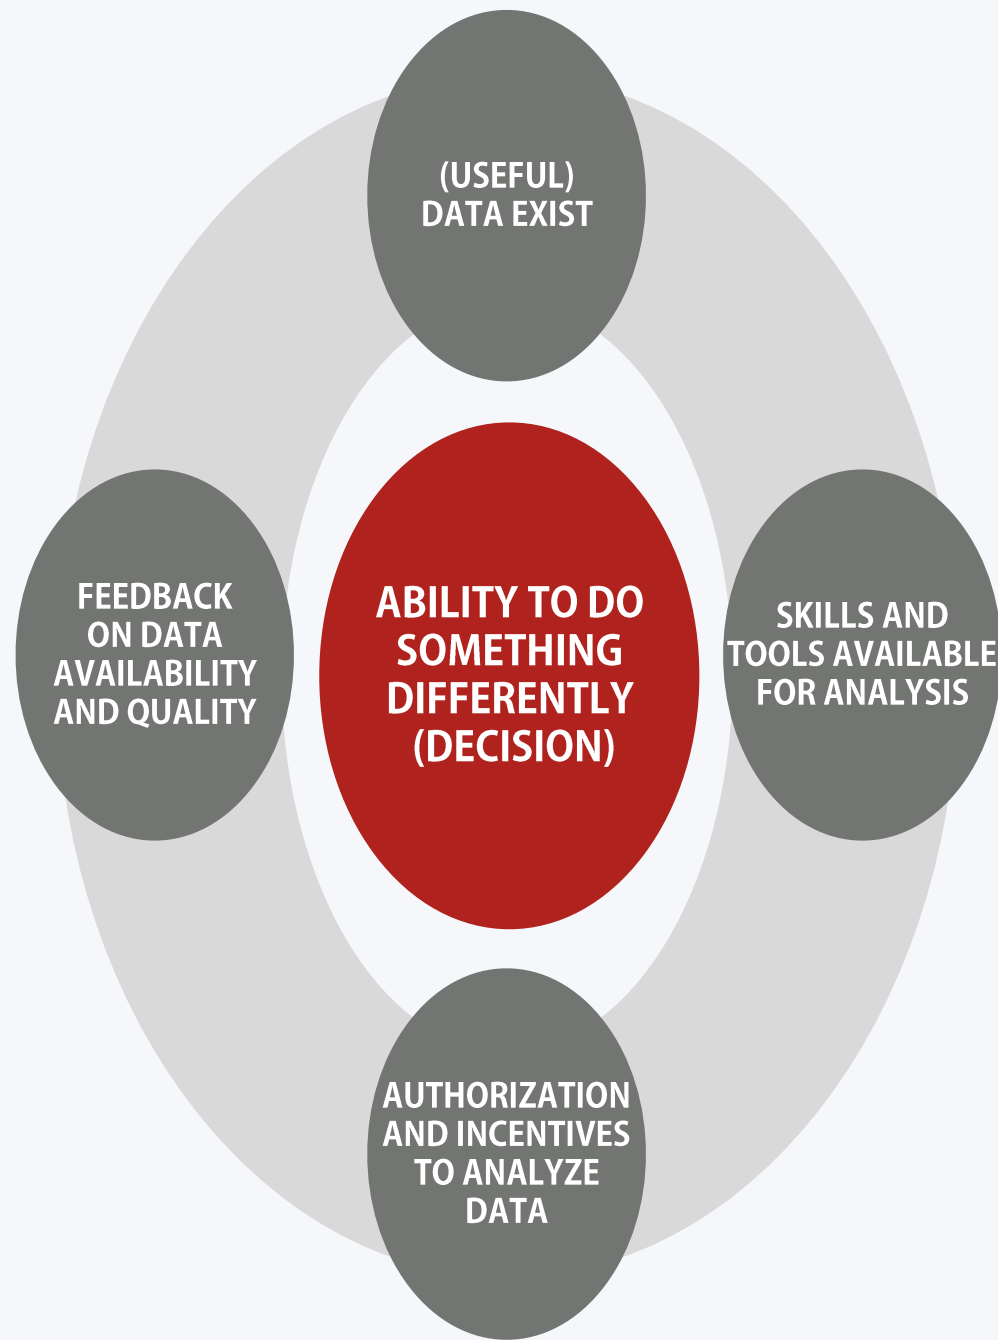

# Who We Are

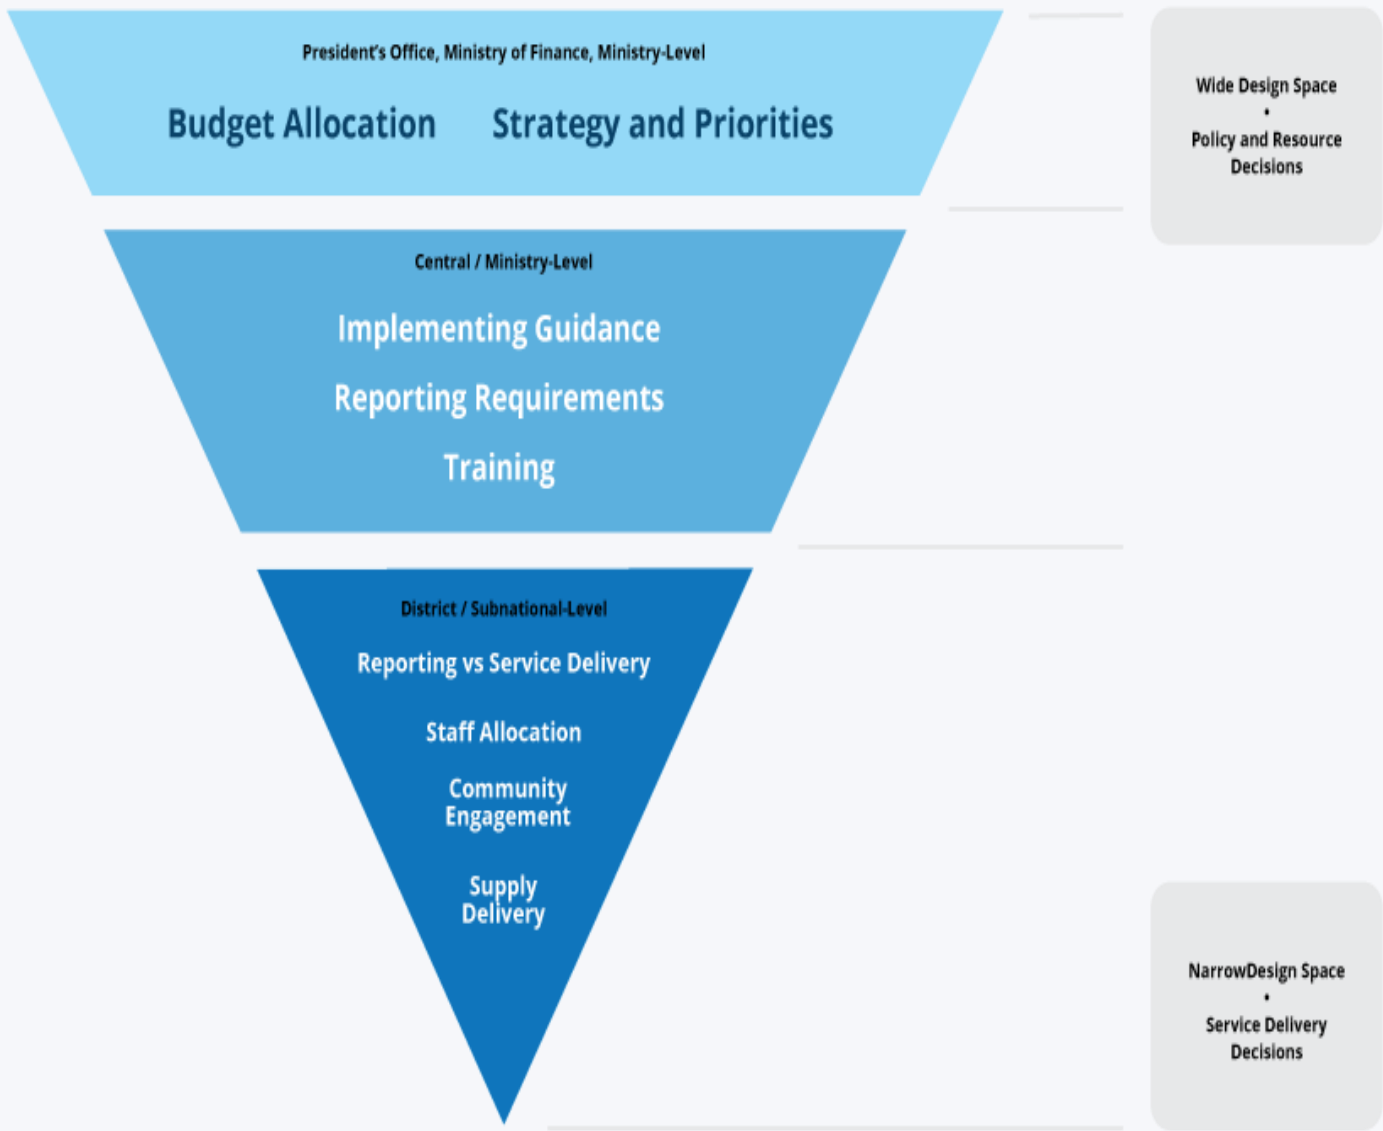

**IMPACT DISTRIBUTION**

# Guiding Questions

**Data for whom?**

**Data for what?**

**Do we understand the incentives of data users?**

**Are we providing the appropriate resources to enable change?**

# In Practice: Government Data Use

**DG' s approach to fostering data capacity and use at government level**

- **Step 1: Start with the decision.**
- **Step 2. Link decisions to programmatic questions.**
- **Step 3. Understand the decision context.**
- **Step 4. Link priorities to existing information.**
- **Step 5. Define the technical requirements.**
