(AIS MS)

NatStatCom plans to use administrative data of the State Registration Service in 2017-2018.

Goal 17: Strengthen the means of implementation and revitalize the global partnership for sustainable development

Data, monitoring and accountability

Based on existing initiatives to develop indicators to assess progress in the field of sustainable development in addition to gross domestic product (GDP) and support capacity building in statistics in developing countries

National Statistical Committee of the Kyrgyz Republic (NatStatCom)

Capacity building in statistics

1. Search the necessary resources for developing and filling in of AISS "Electronic Reporting";
2. Improving the legal framework in line with UN official principles regarding the access to primary administrative data;
3. Implementation of the 2008 SNA;
4. Modernization of statistical production and introduction of new indicators;
5. Development and implementation of GIS to use actively for statistical purposes;
6. Strengthening intellectual capacity building in statistics.

**National Statistical Committee
of the Kyrgyz Republic**
