

National Implementation of the SDG Monitoring India

**20-22 October 2015
Xi'an, China**

**Rakesh Kumar Maurya
Director
Ministry of Statistics and Programme Implementation
Government of India**

Reporting Mechanism and Monitoring Mechanism

Monitoring levels

- ✓ National
- ✓ Regional
- ✓ Global

Data ownership with
the **National
Governments** for all
levels of monitoring

Source: UN Statistical Commission, March
2015

High Level Political Forum (**HLPF**) and
Economic and Social Council have
central role in global monitoring

Action initiated in India

- Role of NITI Aayog
 - Overall implementation of SDGs
 - Identification of national targets
 - distribution of SDGs and associated targets among Ministries
- MoSPI to provide
 - Consultation to NITI Aayog
 - Consultation to Subject Ministries
 - Develop national indicators
 - Decide on data availability, periodicity, disaggregation etc
- State Governments to be involved in the whole process

Participatory process in India

- **State Governments to be involved in the whole process as the data on implementation SDGs need to come from States.**
- **Close coordination between the Ministries responsible for different targets.**
 - **Enable reduction in duplication and generation of contradictory trends and results.**
 - **Also help to ensure that there is uniformity in concepts, definition, classifications, sampling design, methodology etc.**

Capacity development requirement

- **Data availability only for small set of targets .**
- **Data with regular periodicity available for small set of targets.**
- **Some data available with irregular periodicity Example: ad-hoc surveys, rapid surveys**
- **Not possible to produce data with desired disaggregation. Example: GDP data**
- **Some targets are aspirational in nature may not be amenable to statistical measurement. Example:**

Suggestions:

- **Methodological studies required.**
- **Strengthening of statistical system particularly at State level.**
- **Additional investment in terms of manpower, training and money required.**

Thank You
