Road Map Exercise

Road Map Exercise to VNR 2020 incorporating data and statistics

Purpose: Identify key actions countries can take and elements countries can include in a VNR road map to strengthen the inclusion of data and statistics in VNRs

- Include elements from each day's main topics and best practices/recommendations from presentations

- Consider where data and statistics can further strengthen the VNR process and/or report

- Identify key institutions, existing monitoring, data opportunities/challenges
