Voluntary National Reviews in Azerbaijan

Azerbaijan is the first country in the region to submit three Voluntary National Reviews (in 2017, 2019 and 2021) to the UN High-Level Political Forum on the results of the work done in the direction of the implementation of the SDGs. Thus, the implementation of the obligations we took on "Agenda 2030" as an important component of state policy, state programs, strategies, action plans covering social, economic, and environmental fields are adapted to the goals and objectives of the SDGs. The next report is scheduled to be submitted in 2024. Work is already being done in this direction.
