THIRD UNITED NATIONS CONFERENCE ON THE
STANDARDIZATION OF GEOGRAPHICAL NAMES

Athens, Greece

17 August - 7 September 1977

Items 14 (b) and (c) of the provisional agenda

NAMES OF OCEANS AND UNDERSEA FEATURES BEYOND
THE TERRITORIAL WATERS

The names of oceans and seas beyond the territorial waters, which are adopted by the International Hydrographic Bureau, are indicated on Japanese maps.

As for names of undersea features, those approved by IAO are used without modifications, and the other names are decided at a meeting of the Assembly on Geographical Names of Oceans established in the Hydrographic Department.
