

DANE suggests for attendees to the IV Global Conference on Big Data for Official Statistics to stay at the **Tequendama Hotel**, bearing in mind that the parallel workshops, run by the United Nations, will be held there. In addition, this hotel is located close to the downtown of Bogotá D.C., which allows you to be very close to the Ministry of Information and Communication Technologies (MINTIC) where the conference will take place.

HOW CAN I GO? Airport - Tequendama Hotel

Estimated time

Airport-Tequendama hotel: 33 minutes
Tequendama Hotel-Mintic: 11 minutes
