

The role of data and data leadership in the COVID-19 response

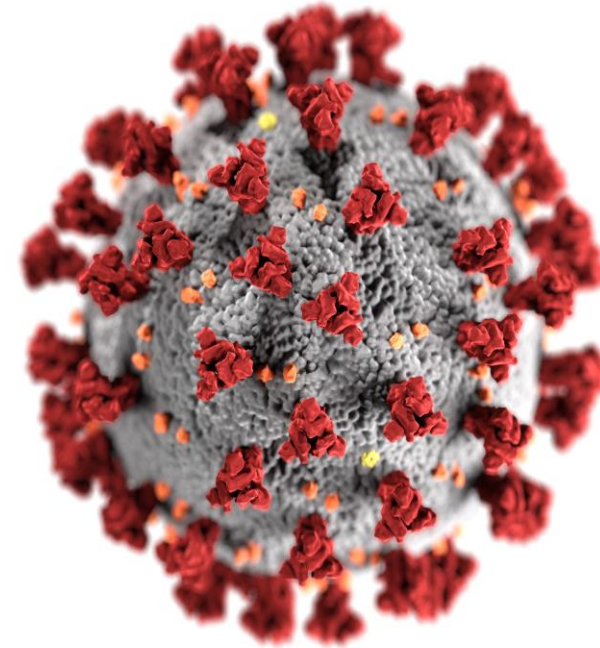

Lessons from Statistics New Zealand

New Zealand and COVID-19

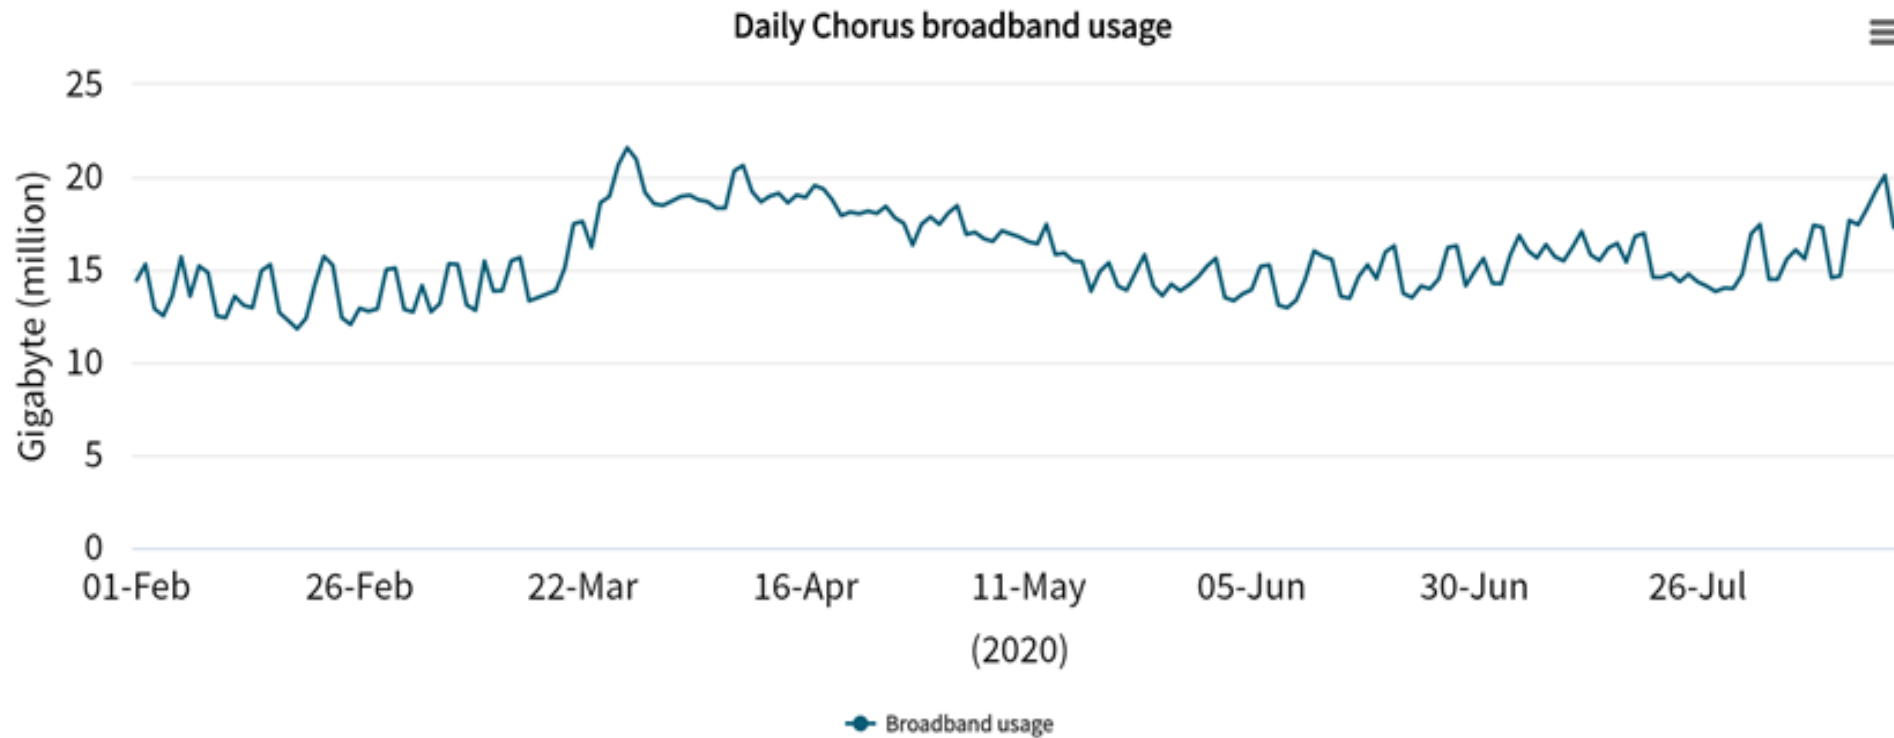

Tap to add text

- 22 deaths to date
- National lockdown 25 March – 9 June
- Border remains closed
- Second wave emerges Tuesday 11 August (~120 cases)
- Auckland Level 3 restrictions, rest of country Level 2

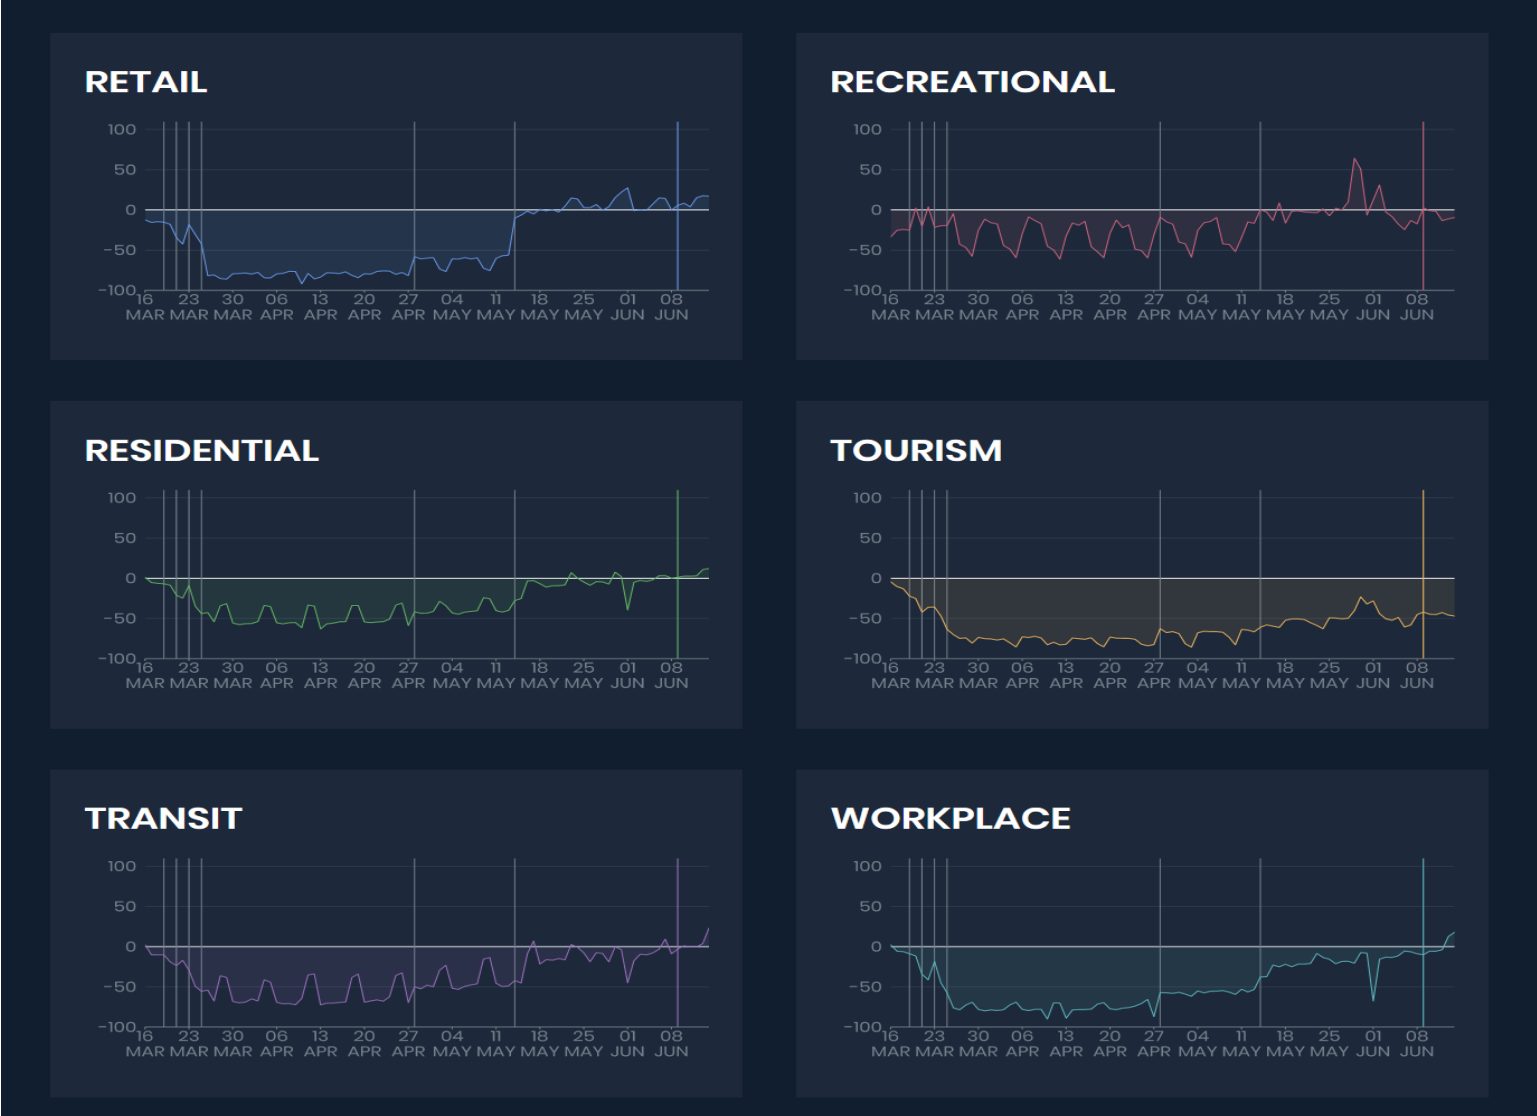

COVID-19 Data Portal

System Lessons

- Responsive cross-Government collaboration
- Momentum for work of Government Chief Data Steward
- Opportunities to address gaps, standardisation, duplication

**Be kind,
stay home,
save lives.**
