

# Task Team International Trade Statistics

#### **Global consultation**

on the draft of the Manual on Principal Indicators for Business and Trade Statistics, Volume 2

8th UNCEBTS Meeting Singapore, 24 – 26 June 2025

# The manuel

1. Introduction
A. Background
B. Structure of the manual
C. Process of preparing the manual
D. Target audience
2. Uses of the manual and conceptual aspects
A. Introduction
B. Purposes and uses
C. Main concepts
D. Data sources
E. Data quality issues
F. Special methodological note for the indicators
G. Micro data linking
3. Core Indicators
4. Aspirational Indicators
4.1 Productivity, wellbeing, labor and wage, gender inequality
4.2 Wellbeing
4.3 Labor and wage, gender inequality
4.4 Environment
Share of plastics trade in external trade
Share of BioTrade in external trade
4.5 Digitalization
4.6 Business Statistics
TEC – Trade by Enterprise Characteristics
STEC – Services Trade by Enterprise Characteristics

# Statistics The core indicators

1 Trade balance 2 Foreign trade coverage ratio 3 Trade balance in goods and services as a percentage of GDP 4 Normalised balance of exports and imports    Indicators on degree of Integration in the global economy   1 Trade per capita   1 Trade share   1 Export share   2 Export Specialization Index   2 Intra-industry trade by sector (Grubel-Lloyd Index)   1 Firstman-Herfindahl Index   1 Export share   2 Export Specialization Index   2 Trade Intensity Index   2 Trade Intensity Index   2 Trade Intensity Index   2 Export Market Concentration Index   2 Indicators on bilateral trade and regional integration   2 Export Market Concentration Index   2 Indicators on bilateral trade and regional integration   2 Export Market Concentration Index   2 Indicators on bilateral trade and regional integration   2 Export Market Concentration Index   3 Indicators on bilateral trade and regional integration   3 I				
3 Trade balance in goods and services as a percentage of GDP 4 Normalised balance of exports and imports  5 Trade to GDP ratio 6 Export propensity 7 Import ratio 8 Import penetration ratio 9 Trade per capita 10 Trade share 11 Export share 12 Import share 13 Terms of trade 14 Herfindahl index of geographical concentration 15 Hirschman-Herfindahl Index 16 Export Diversification / concentration 16 Export Diversification index 17 Export Sproduct Concentration Index 18 Import Product Concentration Index 19 THEIL Index  19 Revealed Comparative Advantage 20 Export Specialization Index 21 Intra-industry trade by sector (Grubel-Lloyd Index) 22 Trade Intensity Index 23 Trade Complementarity Index 24 Export Market Concentration Index 25 Import Market Concentration Index 26 Intra-regional trade intensity Index 27 Export Market Concentration Index 28 Export dependence rate of employment 29 Import dependence rate of employment	Indicators on global trade	1 Trade balance		
3 Trade balance in goods and services as a percentage of GDP 4 Normalised balance of exports and imports  5 Trade to GDP ratio 6 Export propensity 7 Import ratio 8 Import penetration ratio 9 Trade per capita 10 Trade share 11 Export share 12 Import share 13 Terms of trade 14 Herfindahl index of geographical concentration 15 Hirschman-Herfindahl Index 16 Export Diversification / concentration 16 Export Diversification index 17 Export Sproduct Concentration Index 18 Import Product Concentration Index 19 THEIL Index  19 Revealed Comparative Advantage 20 Export Specialization Index 21 Intra-industry trade by sector (Grubel-Lloyd Index) 22 Trade Intensity Index 23 Trade Complementarity Index 24 Export Market Concentration Index 25 Import Market Concentration Index 26 Intra-regional trade intensity Index 27 Export Market Concentration Index 28 Export dependence rate of employment 29 Import dependence rate of employment				
4 Normalised balance of exports and imports  5 Trade to GDP ratio 6 Export propensity 7 Import ratio 8 Import penetration ratio 9 Trade per capita 10 Trade share 11 Export share 12 Import share 13 Terms of trade 14 Herfindahl index of geographical concentration 15 Hirschman-Herfindahl Index 16 Export Diversification (or Concentration) Index 17 Export Product Concentration Index 18 Import Product Concentration Index 19 THEIL Index  19 Revealed Comparative Advantage 20 Export Specialization Index 21 Intra-industry trade by sector (Grubel-Lloyd Index) 22 Trade Intensity Index 23 Trade Complementarity Index 24 Export Market Concentration Index 25 Import Market Concentration Index 26 Intra-regional trade intensity Index 27 Export dependence rate of the GDP 28 Export dependence rate of employment 29 Import dependence rate 30 Import dependence affinel executation exposmition e			GDP

35 Forward GVC participation				35 Forward GVC participation

## Global Consultation on the draft of the MPIBTS, Vol March 25, to 18 April, 2025

## The questionnaire

structured into two sections:

- Part 1 collects general feedback on the Manual;
- Part 2 delves into specific aspects of the indicators, evaluating their
  - · relevance,
  - effectiveness
  - · usefulness.
  - as well as the clarity
  - completeness of the corresponding indicator sheets.

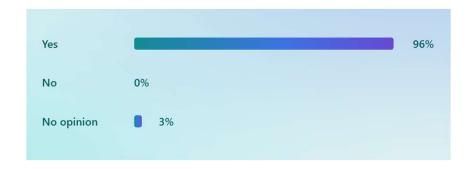

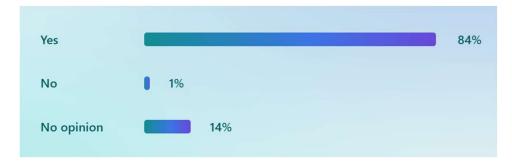

#### Global Consultation on the draft of the MPIBTS, Vol 2

#### 51 responses

Do you agree that the Manual provides a reference list of indicators that adequately address users' needs for high-quality and detailed information essential for trade-related analysis?

Do you agree that the indicators facilitate the analysis of trade's impact on the economy, society, and environment while aligning with the SDGs?

Overall additional insights, suggestions, or concerns on the indicators

#### Suggestion

- Identify a core/minimum/priority set of indicators
- Ensure methodological consistency (harmonized concepts, data frequency)
- Provide examples, best practices, case studies
- Include brief description of thematic areas/topics

#### Concerns

- Response burden (especially those involving surveys, e.g., import dependence of final consumption expenditure)
- Data availability for some advanced indicators (required details, MDL for chapter 4 indicators)
- Technical capacity of countries

#### Alignment with SDGs

## New indicator suggestions

- Average tariffs (SDG 17.12.1)
- Proportion of tariff lines applied to imports with zero-tariff (SDG 10.a.1)
- Agricultural export subsidies (2.b.2)
- Trade in green technologies and climate-adaptive goods
- Trade resilience or vulnerability to global shocks

## Other suggestion

For each indicator, mention which SDG it relates to

## Chapter 1 and 2

Explain how vol-2 relates with vol-1

Further elaborate the rationale for developing vol-2

Provide guidance on when to use/who should use vol-1 vs vol-2

Refer to HIBTS (microdata linking) with relation to indicators on trade's links with other domains

### Chapter 3 and 4

#### Ensure consistency of presentation

• e.g., indicator sheets for TEC/STEC

#### Include references for the indicators

• i.e., research, publications, etc.

#### Provide product code list for plastic trade and Bio-trade indicators (4.4.1, 4.4.2)

• HS codes or other classification

#### New indicator suggestions

- Change of labor productivity by trade openness in constant prices between two consecutive years (or accounting periods)
- Price index
- Volume Index
- Company's spending on employee's fringe benefit, safety, healthcare, social/community contributions
- Company's spending on waste/pollutant treatment, carbon emission, and the like

Suggestions on specific indicators

## Many suggestions on specific indicators regarding

- Methodology
- Calculation
- data availability
- data sources
- technical capacity
- consistency of presentation

## Questions

Which suggestions are most important to implement?

Do you think the indicators covered all thematic areas? Did we miss anything?

Do we need to consider some new indicators given the current impact of geopolitics on trade?

Any other suggestions/concerns?

## Next steps

- Focus group will review the comments and address specific comments.
- The group should explore ways to address requests for prioritization of indicators and to mention the link with the SDGs, where applicable, on metadata.
- For classification related comments (e.g. plastic trade), the group will reach out to partner agencies for product lists (if any).
- Finalization in September 2025 for endorsement in 2026

# Thank you!
