30 November 2005

Dear Paul,

The ILO strongly supports the Principles and Practices for International Statistics, as endorsed by the Committee for the Coordination of Statistical Activities on 14 September 2005. As Director of the Bureau of Statistics, I express my professional commitment to implement these principles and practices in the work of the Bureau of Statistics to the extent that this is possible within the current Rules and other administrative procedures of the International Labour Organization.

Yours sincerely,
