The paper presents the experience from the 2006 census in Nigeria including problems encountered. It discusses the recommended core topics, tabulations, and census management (based on the UN publication “Principles and Recommendations for Population and Housing Censuses, Revision 2”) in the context of the Nigerian census.

The paper was prepared in the context of the "United Nations Workshop on the 2010 World Programme on Population and Housing Censuses, Maputo, Mozambique, 30 October – 2 November 2006".
