## ILO pilot project: LFS modular time-use approaches to capture unpaid domestic and care work (Jun. 2020 – Dec. 2022)

Advance analysis of relationships and trade-offs between paid and unpaid forms of work

## Objectives

Intensive qualitative phase + robust survey experiments

Comparison of diary and stylized approaches

Testing in Lao PDR and India

In partnership with NSOs, in coordination with UN agencies With support from Data 2x

A modular approach

Regular, cost-effective statistics on UCDW, and total work time, using existing national LFS programmes

Evidence-based LFS-TU modules, guidelines, and implementation toolkits due in 2022

A Training Guide and ILO-ITC training course to support uptake from 2022

Pilot strategy

## Outcomes
