10:30 – 11:00	*Coffee break*
11:00 – 12:30	**Session 7 – Data needs and availability for monitoring and reporting for: (i) SDG disability indicators; (ii) and national needs: the National Statistics Office perspective** The session will cover presentations on data needs for generating disability-related SDG indicators for global monitoring. Country presentations will discuss the extent to which countries are able to produce data for monitoring and reporting for the SDGs, and for national monitoring, including on existence of national policy frameworks, coordination mechanisms for producing and utilizing the statistics on disability, identifying data gaps, as well as on challenges experienced by countries in generating the required data **Meryem Demirci**, UNSD **Stalin Ramos,** INEC, Ecuador **Jorge Gómez**, DANE, Colombia **Lidia Melendres**, INE, Uruguay

2

	Nancy Cano, DGEEC, Paraguay **Manuel Anzueto**, INE, Guatemala
12:30 – 13:30	*Lunch*
13:30 –15:00	**Session 7– Data needs and availability for monitoring and reporting for: (i) SDG disability indicators; (ii) and national needs: the Disability Institution perspective** **Flor Gamboa y José Alberto Blanco**, CONAPDIS, Costa Rica **Alicia Loza**, CONADIS, México **Cesar Caamaño**, CONADIS, RDO **Jaime Collado**, SENADIS, Panamá **Vilma Zaldaña**, CONAIPD, El Salvador
15:00 – 15:30	*Coffee break*
15:30 – 17:00	**Session 7 – Data needs and availability for monitoring and reporting for: (i) SDG disability indicators; (ii) and national needs: What are the country needs?** Work in pairs by country, NSO / disability institute, on the national situation and plenary to share experiences
	22 June 2017
09:00 – 10:30	**Session 8 – Strategies to promote the production of disability statistics and their use for policy purposes** The session is conducted through group discussions and is aimed at identifying a strategy or steps to be taken to ensure generating reliable and quality data for on disability that are fit-for-purpose and to utilize the data for monitoring progress towards inclusion of persons with disabilities in development programmes. Some of the issues for the discussions and inclusion in the strategy include: (a) a mandate for collection and compilation of data on disability, (b) national frameworks for monitoring the situation of persons with disabilities, (c) identifying main users of disability-related statistics, (d) promoting utilization of disability data for policy purposes, (e) identifying key producers of the data on disability in national statistical systems, (f) coordination mechanisms, (g) strengthening national capacity to produce fit-for-purpose statistics (from diverse sources) for national, regional, and global monitoring and reporting. - Facilitators: UNSD y CEPAL
10:30 – 11:00	*Coffee break*

11:00 – 12:30	**Session 8 – Strategies for promoting national production and their utilization for policy purposes (contd.)**
	    - Presentation of outcome of group discussions
	    - Discussion

12:30 – 13:30	*Lunch*
13:30 – 15:00	**Session 9 – Conclusions and way forward – Session will concluding remarks based on the outcome of the discussions on next steps in developing this area of statistics, including on provision of technical support to countries** Facilitators: UNSD and ECLAC

15:00 – 15:30	Closing session
	    - ECLAC
	    - UNSD
