

1. Institutional capacity and policy

Proposal:

- Is there at least one dedicated government entity responsible for designing and implementing overall migration policy?**

Possible complementary data:

- Existence of periodic national migration policy report --based on Migration Governance Index 1.1.a.1**
- Policy on highly-skilled workers**
- Policy on permanent settlement**
- Policy on temporary workers**
- Policy on family reunification**

2. Migrant rights

Proposal:

- **Does the Government promote the integration of immigrants through language skills training, equal access to public services, and protection against discrimination?**

Possible complementary data:

- **Number of ratifications per Member State pertaining to international conventions on the rights of migrants, smuggling and trafficking**

The core international instruments might include: the International Convention on the Protection of the Rights of All Migrant Workers and Members of their Families; human trafficking and migrant smuggling protocols to transnational crime convention; two ILO labour migration conventions; ILO domestic worker convention.

3. Safe and orderly migration

Proposal:

- **Does the Government address irregular migration through pre-arrival authorization controls, integrated border management or other measures to ensure safe and orderly migration?**

Possible complementary data:

- **Number of migrants deaths while attempting to cross maritime, land and air borders (based on proposal by OHCHR and Germany)**
- **Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation --16.2.2 (Tier I)**

4. Labour migration and recruitment costs

Proposal:

- **Does the government take steps to reduce recruitment costs, born by the employee as percentage of yearly income earned in country of destination?**

Possible complementary data:

- **How many bilateral and regional agreements has the country subscribed to facilitate labour migration?**
- **Recruitment cost born by employee as a percentage of yearly income earned in country of destination --10.7.1 (Tier III)**
- **Remittance costs as a proportion of the amount remitted -- 10.c.1 (Tier III)**

5. International partnerships

Proposal:

- **Has the (how many) country signed bi-lateral labour agreements concerning the movement of workers?**

Possible complementary data:

- **Does the Country have agreements or MOUs on migration with other countries?**
- **Number of ratifications per Member State pertaining to international conventions on the rights of migrants, smuggling and trafficking**

6. Humanitarian crises and migration policy

Proposal:

- **Does the government's humanitarian policy include measures in relation to forced displacement of persons?**

Possible complementary data:

- **Are migrants and migration included in disaster risk reduction planning?**
- **In-donor refugee costs as a share of total net ODA --Based on 10.b.1**
- **Number of ratifications per Member State pertaining to international conventions on refugees and stateless persons**
