 - * Gender Statistics for two days

Areas where there is need for training

- * Advocacy on use of Gender Statistics for policy formulation
 - * Diverse group of people to be engaged
 - * Ministries dealing with the policies relating to gender
 - * Civil Society Organizations
 - * Citizen's group
 - * Academia
 - * Need
 - * Capacity building for appropriate use of data
 - * Making understand what kind of data available and how to use
 - * Analytical capacity building

Production of Statistics focused on gender

- * Countries are at different stages on production of gender statistics
 - * Specialized areas
 - * Time Use survey
 - * Violence against women
 - * Gender related to environment and climate change
 - * Collection of data and also its interpretation and use
 - * Cultural sensitivity in collection of data
 - * Selection of enumerators and training
 - * Tools for analysis

Collaboration and Partnership

- * Working with UN Women
- * Setup a sub-group of **The Network for the Coordination of Statistical Training in Asia and the Pacific**
 - * To help in identification of training needs
 - * Develop curriculum for required training
 - * Develop content
 - * Develop course material suitable to mode of delivery of training
 - * Develop calendar of training regional, sub-regional and country level

Strategy for providing training on Gender Statistics

- * Identification of experts for delivery of each different type of course
 - * Global list
 - * Country list

Strategy for providing training on Gender Statistics

- * Development of Calendar of Training programmes
 - * SIAP
 - * Statistical Training Institutions in the region
- * Identification of resources
 - * Development of course content
 - * Material for delivery of class room and e-learning courses
 - * Financial resources to organize training programmes
 - * Cost of participation of participants
 - * Organizing cost
 - * Cost of hiring experts

Role of UN Women and NSTIs for delivery of training programmes

- * Role of UN Women
 - * Development of Course material
 - * Partner in delivery of training programmes
 - * Support to these activities
- * Role of National Statistical Training Institutions
 - * Get commitment for organization of training programmes
 - * Arrange local participation
 - * Local logistics
 - * Local expertise
 - * Share Local practice in the relevant area

Strategy for providing training on Gender Statistics

- * Address language related issues
- * Seek support from concerned NSOs
 - * Translation of training material
 - * Delivery mechanism
 - * Face to face and e-learning

Thank you
