

CAPMAS

Egypt

UN Demographic Yearbook

Recommendation

- **Data reporting :**

- Mentioning the exact year within the data if the data time period ranges

- For example:

- In the table (Population of capital cities and cities of 100000 or more inhabitants : latest available year, 1999-2018) would you mention the year within the data .

Recommendation

- **Data reporting :**

- Mentioning the capital cities in each country with (*C)

Recommendation

- **Data validation :**

- Checking the completeness and the accuracy of the data before publishing... (whether from the Nos or its official website)

- For example:

- In the table (Population of capital cities and cities of 100000 or more inhabitants: latest available year,1999-2018).. Alexandria , Cairo , Portsaid , Suez were mentioned , but this is not the whole cities with population size 100000 and more.

Recommendation

- **Questionnaires :**

- Adding some details in the meta data questionnaire

- For example: **Questionnaire on Population Estimates - Part 2:**

- **Metadata 1. Coverage of data)**

- **Questionnaire on Metadata for Population and Housing Census:**

- **3. Please specify whether the following population groups were enumerated in the census**

- **4. In case the enumeration was performed according to the 'usual resident population' concept, please complete the following additional table**

- Adding : public Housing individuals – pensioners

- Adding : forntinaire governerates (in Egypt case it includes nomands and persons living in remote places)

Recommendation

- **Questionnaires :**
 - Adding some details in the meta data questionnaire
- For example : **Questionnaire on Metadata for Population and Housing Census:**
- What is the meaning of urban agglomeration and locality?
- Adding the lower limit of age in marriage (15+ or 18+)

Recommendation

- **Questionnaires :**

- In the meta data questionnaire

- For example: **Questionnaire on Population Estimates-Part 2: Metadata**

- **2.1.1 Base Data**

- Adding the census count and coverage (De facto –Dejor)

Recommendation

- **Data collection process :**

- Checking th

- For example:

In the table

(Population of capital cities and cities of 100000 or more inhabitants: latest available year, 1999-2018)

would you mention the year within the data . also the case of Egypt it is not the whole data of capital cities and cities more than 100000 inhabitants

Recommendation

- Follow-ups and timeline:

- Checking th

- For example:

In the table

(Population of capital cities and cities of 100000 or more inhabitants: latest available year, 1999-2018)

would you mention the year within the data . also the case of Egypt it is not the whole data of capital cities and cities more than 100000 inhabitants

Recommendation

- **Follow-ups and timeline:**
 - Informing the NSOs with a certain follow up dates for updating their data
 - ..would you give a brief overview on how data is gathered and its timing..

SDMX

- CAPMAS uses NADA 4.2 for data dissemination on the official website.
- Would you inform us briefly about how you act with SDMX and meta data

Thanks
