Additional metadata for selected tables

Table 1.1 - Urban / rural definitions

Please state the definition used for urban area and the period of time it has been in use:	The urban area is that area surrounding the main town of St Vincent and the Grenadines (the town of Kingstown). This area is characterized by high human population density and a density of human structures such as housing, commercial buildings, roads etc. The urban area of St Vincent and the Grenadines comprises all the areas of the census divisions of Kingstown, suburbs of Kingstown and Calliaqua. The Statistical Office has been using this definition since
Please state the definition used for rural area and the period of time it has been in use:	The rural areas of St Vincent and the Grenadines includes all other census divisions not considered urban. These areas are characterized by low population densities. There are fewer buildings for businesses and dwelling units.
