

**United Nations Statistics Division
Statistical Institute for Asia and the Pacific**
in collaboration with the
Ministry of Internal Affairs and Communications, Government of Japan

**Workshop on Improving the Integration of a Gender Perspective
into Official Statistics**

Chiba, Japan
16 to 19 April 2013

Agenda

The United Nations Statistics Division (UNSD) and the Statistical Institute for Asia and the Pacific (SIAP) are organizing a regional workshop on gender statistics, in cooperation with the Ministry of Internal Affairs and Communications, Government of Japan (MIC). This regional workshop is intended to train national statisticians on the production and use of gender statistics, as well as discuss the newly developed UN manual: *Integrating a Gender Perspective into Statistics*. Participants will also benefit from the training on the use of census data for gender analysis, based on the UNFPA *Guide on Gender Analysis of Census Data*.

The key objectives of the workshop are:

- Strengthen the capacity of national official statisticians to apply international concepts and methods for gender statistics;
- Exchange and share good practices and lessons learned on gender statistics among national statistical offices and relevant government units;
- Promote the integration of a gender perspective into national statistical systems with the aim of improving the availability and quality of gender statistics.
