- 怎么填的日志表(随时记录, 当天晚上记录, 第二天补录)

Two additional questions

- Who filled the diary (interviewee, other family member, interviewer)
- How the diary was filled. (just after or during the activity, the evening of the diary day, the next day)

每个被调查对象填写两份日志表(工作日和休息日)

Every respondent was asked to fill in two diaries, one for weekday, and one for weekend day.

问卷中的个人特征信息

- 性别
- 年龄
- 婚姻
- 受教育程度
- 职业
- 收入
- 住家与工作地点的距离。

Individual Characteristics

- Gender
- Age
- Marriage
- Occupation
- Education
- Income
- The distance between home and work place

活动分类

此次时间利用调查
的活动分类分为

- 9个大类
- 61个中类
- 113个小类

9 大类

- 0- 个人活动
- 1- 正规就业
- 2- 家庭初级生产

The Classification of Activities

The activity classification for
this survey includes

- 9 categories
- 61 groups
- 113 classes

9 Categories:

- 0- Personal activity
- 1- Formal employment
- 2- Household primary work

9 大类

- 3- 家庭制造与建筑活动
- 4- 家庭服务经营活动
- 5- 为自己和家人最终消费提供的无酬劳动
