- IV. Challenges

I. Background

- Lao Energy Data was collected and surveyed by the Institute of Energy Economics, Japan (IEEJ) in 2010 from 1990-2015.
- The data includes Electricity, Biomass (Fuel Wood & Charcoal), Coal (Anthracite & Lignite), Renewable Energy (Solar), Oil and LPG.
- In June 2017, the Economic Research Institute for ASEAN and East Asia (ERIA) supports Lao PDR to validate the existing data and conduct the survey on Energy Consumption and will public the Energy Statistic from 2000-2015 in 2018.

II. Existing Energy Data

1. Electricity Data
2. Biomass Data (Fuel Wood & Charcoal)
3. Coal Data (Anthracite & Lignite)
4. Renewable Energy Data (Small Hydro & Solar)
5. Oil and Gas

Electricity Data 2015

- **44% of Production are from:**
 - Hydro 37.89%,
 - Biomass 0.01%,
 - Power Plant 6.1%.
- **31% of Export is export to:**
 - Thailand 30.95%
 - Cambodia 0.05%
- **6% of Import is import from:**
 - Thailand 5.12%,
 - Vietnam 0.14%,
 - China 0.74%.
- **19% of Supply:** which 11.84% is used for consumption and 7.16% was loosed.
 - **11.84% of Consumption is used in:**
 - Industry 4.88%,
 - residential 4.45%,
 - commercial 2.42%
 - agriculture 0.09%.

III. Data collection

We use data that collected by IEEJ and are continuing to collect data from line agencies such as:

- **Electricity:** collect from the Utilities (EDL), IPPs and departments within the Ministry of Energy and Mines. The Electricity Statistic in 2015 has published.
- **Biomass, oil and LPG:** collect from Department of Import-Export, Department of Tax, Lao Fuel State Enterprise, oil companies and airline companies.
- **Coal:** collect from Department of Mines.
- **Renewable Energy (Solar):** Collect from Institute of Renewable Energy Promotion (IREP) and EDL-Gen.

IV. Challenges

- Lack of coordination between the Ministry of Energy and Mines and other line Ministries, utilities and IPPs,
- No committee to validate the data collected,
- No data center,
- No official website for energy data dissemination,
- There is a removal of a person who in charge for data collection,
- No budget for data collection.

Thank
you!
