#### **Relevant documents**

Before submitting responses you are encouraged to read the accompanying papers available on the website.

*Revision of the SEEA: Draft Version for Second Round of Global Consultation, October 2011 – Chapters 1 – 6*

*Reading guide for the SEEA Revision Second Round of Global Consultation*

*Supporting material for selected classifications and lists in the revised SEEA*

### **Part I: General comments**

This is the first global consultation based on the complete set of chapters for the SEEA Central Framework. In this section please provide general comments on the drafts chapters. You may like to consider providing comments on the style and tone, the content and coverage, and the general accessibility of the material.

1. The draft chapters for the SEEA Central Framework are well structured and reader friendly. The use of the examples and tables are comprehensive, well elaborated and easy to read.
2. We would like to suggest a systematic and structured tutorial to be provided to the calculation of SEEA for better understanding.

### **Part II: Technical and other comments**

In the box below please supply any additional comments including those of a more technical nature. As this is the first consultation where the complete 6 chapters have been released, comments on the consistency of the technical content across the chapters would be appreciated.

Please reference your responses with the relevant paragraph number or section number.

1. The revision of SEEA would be a useful guideline for DOSM to develop SEEA in Malaysia. Hence, DOSM would like to be kept in the loop about further development of this matter.
2. DOSM is very much interested in the efforts for systematic intensive training on the methodology of developing the SEEA. It will be our great pleasure if UNSD could provide the necessary advice on this matter to assist us in capacity building. Kindly include us if there is such training/workshop to be conducted in future.
