Supporting material for selected classifications and lists in the revised SEEA

Part I: General comments

This is the first global consultation based on the complete set of chapters for the SEEA Central Framework. In this section please provide general comments on the drafts chapters. You may like to consider providing comments on the style and tone, the content and coverage, and the general accessibility of the material.

NIS Romania supports the output from of the SEEA manual. We appreciate in particular the work done.
Presently, NIS is not experienced enough in SEEA to have a serious contribution to its review, but in future activities SEEA approach is an option for us.
We have watched with interest the various stages of the review process because we are being implemented meet environmental accounts
NIS will continue to develop environmental accounts in Romania in the context of the EU Regulation, for which we use the best practices of SEEA manual.

Part II: Technical and other comments

In the box below please supply any additional comments including those of a more technical nature. As this is the first consultation where the complete 6 chapters have been released, comments on the consistency of the technical content across the chapters would be appreciated.

Please reference your responses with the relevant paragraph number or section number.

All contents/chapters are ok.
