

Panel discussion on **capacity development activities** led by regional institutions

Eleventh Meeting of the Expert Group on Environment and Climate Change Statistics (EG-ECCS)

17 October 2024

Teerapong Praphotjanaporn and Richard Tonkin

Statistician, ESCAP Statistics Division

Experiences from Asia and the Pacific

- **Achievements and key challenges**

- Increasing production and use of policy-driven statistical products
- International statistical standards as guidance
- Mix-modality efforts in capacity development

- **Collaboration and needs**

- Collaboration at different levels and different angles
 - Producers and users
 - Between departments and disciplines
 - Coordinated efforts guided by country's needs

THANK YOU
