

# Australian Bureau of Statistics

Capability support on Environment Accounts

Australian Bureau of Statistics  
Informing Australia's important decisions

# Capacity building: adapting to a COVID world

## Existing

- Government arrangement with Indonesia
- Arranged visits to country
- Capability building:
  - Frameworks
  - Statistical leadership
  - Capacity development

## Transitional/COVID

- Online support
- Move to training online (Nov/Dec)
- Identify 'quick fixes' if available
- Patience while impacts of COVID are working through

## New model?

- More online support (video if enough bandwidth)
- Focus on priority topics
- Maintain awareness we are still there to help
- Less travel, more frequent informal engagement

# Questions?
